The Interagency Committee on School Construction (IAC) is required to allocate 100% of the funds available for school construction in fiscal 2007 that have not already been approved by the Board of Public Works (BPW). The additional allocations are not subject to BPW approval. The language further specifies the total amount of funds each county shall receive and the type of projects that can be funded. The language also provides for three options, at the county’s option, if the funds allocated to a county in the capital budget bill cannot be used for eligible projects. Additionally, if more than ~~\$315.3~~ \$316.8 million is available for school construction in fiscal 2007, the IAC will allocate 100% of the funds, after advance written notice to the Presiding Officers, for eligible projects in a county, in addition to the amounts specified, or the additional funds will remain in the contingency fund.
