Amendment No. **21**

Add the following language:

Further provided that the General Assembly is concerned about whether the cost benefit methodology utilized by the Judiciary to determine Maryland's drug court programs' net return on investment is appropriate. Beginning May 1, 2008, cost benefit evaluations published by the Maryland Judiciary shall calculate drug court programs' net return on investment based on appropriated cost savings throughout the Maryland State budget. Future drug court evaluations shall:

- (1) identify and calculate the net return on investment based solely on hard costs;
- (2) calculate business as usual costs by identifying the variable costs associated with providing services to drug court participants; and
- (3) to the extent possible, calculate income tax savings using Maryland treatment data.

The Judiciary shall consult with the Department of Legislative Services regarding the appropriate methodology for calculating the net return on investment as it relates to State budgeting.

**Explanation:** This action requires the Judiciary to calculate drug court programs' net return on investment based on appropriated cost savings throughout the Maryland State budget.

## C81C

Add the following language:

Further provided that it is the intent of the General Assembly to address the needs of the citizens of Maryland by studying the impact of opening a consumer protection office in suburban Maryland. The Office of the Attorney General (OAG) shall submit a report to the budget committees outlining what efforts the agency has taken to study the impact of opening an office of similar size and scope (two to three employees) to its small offices located in Western and Southern Maryland. At a minimum, the report shall provide:

- (1) the projected fiscal impact of opening a new location in suburban Maryland;
- (2) the projected number of customers that will be served by opening a new office; and
- (3) the projected number of employees required to establish the new office location.

The report shall be submitted by November 1, 2008, and the budget committees shall have 45 days to review and comment following the receipt of the report.

**D06E02.01 State Police – Helicopter Replacement**

Add the following language to the special fund appropriation:

, provided that it is the intent of the General Assembly that proceeds from the sale of any of the current Department of State Police helicopters be deposited into the State Police Helicopter Replacement Fund established under Section 2-801 of the Public Safety Article to defray a portion of the total costs of the replacement of the fleet. Further provided that the Department of Budget and Management include in the annual budget submission a fund summary of the State Police Helicopter Replacement Fund including each revenue source and expenditure.

**Explanation:** This language expresses the intent of the General Assembly that proceeds from the resale of the Department of State Police’s current fleet of helicopters be used to fund, in part, the purchase of the replacement fleet. The language also requests that the inputs and outputs of the fund be explicitly reported in the annual budget submission.

**Executive Department – Governor**

**Budget Amendments**

Add the following language:

Provided that it is the intent of the General Assembly that all positions working on behalf of the Executive Department – Governor be reflected in the allowance for Executive Department – Governor. It is the intent of the General Assembly that all positions detailed to the department from other agencies be transferred as soon as feasible.

**Explanation:** In the fiscal 2009 allowance, the Office of the Governor has taken significant steps in curtailing the practice of utilizing positions from other agencies within the Office of the Governor. However, 4 positions, assigned to StateStat responsibilities and housed within the Office of the Governor, are budgetarily assigned to other agencies. Transferring the positions to the Executive Department – Governor would provide a truer account of the budgetary and personnel needs of the office.

The State energy baseline has not been completed and so the first step in the EmPower Maryland initiative is not in place. Therefore, these positions are not warranted at this time. **D26A07.01 General Administration**

Add the following language to the general fund appropriation:

, provided that:

(1) \$442,210 of this appropriation for “Hold Harmless” shall be allocated as follows:

<u>Area Agency on Aging</u>	<u>Hold Harmless Allocation</u>
<u>Allegany</u>	<u>\$80,373</u>
<u>Baltimore City</u>	<u>113,654</u>
<u>MAC, Inc.</u>	<u>179,242</u>
<u>Queen Anne’s</u>	<u>13,025</u>
<u>Upper Shore Aging, Inc.</u>	<u>36,419</u>
<u>Washington</u>	<u>19,497.</u>

(2) Notwithstanding paragraph (1), if the amount of Older American Act funding received by the Department of Aging in fiscal 2009 exceeds the amount received in fiscal 2008, then the amounts shown for each area agency on aging listed above, except Baltimore City, may be reduced by an amount equal to the amount of additional Older American Act funding allocated to that area agency on aging in fiscal 2009.

(3) The amount of Hold Harmless funding reduced pursuant to paragraph (2) shall be credited to the Baltimore City Area Office on Aging.

**Explanation:** Hold Harmless funding is included in the budget to ensure rural area agencies on aging receive funding at least equal to the amount of Older American Act funding they received prior to the update of the funding distribution formula to use the 2000 Census population figures. Increases in Older American Act funding has allowed some of the hold harmless funding to be distributed to Baltimore City which was not held harmless when the formula was updated. This language provides for the same distribution of the hold harmless funding in fiscal 2009 as occurred in fiscal 2008 but allows these amounts to be reduced to the extent additional Older American Act funding is received by these area agencies on aging. The funds freed up by such increases in Older American Act funding are to be credited to the Baltimore City Area Agency on Aging.

Add the following language:

The Maryland Stadium Authority is authorized to expend \$150,000 from the Stadium Facilities Fund for the purpose of conducting a feasibility study examining sports facilities in Maryland and how they may be better utilized to attract sporting events to the State.

**Explanation:** Chapter 445 of 2005 authorizes the Maryland Stadium Authority (MSA) to expend up to \$500,000 in each fiscal year for feasibility studies approved by the budget committees. This language would allow the MSA to expend \$150,000 on a study to examine the sports facilities throughout the State to determine a strategy for attracting sporting events to Maryland, in conjunction with the Department of Business and Economic Development.

In developing this approach, the task force shall consider:

- (1) implementing registration requirements to facilitate the tracking of ATVs and dissemination of safety material;
- (2) requiring ATV owners and operators to meet certain safety requirements;
- (3) broadening current regulation of ATVs beyond Department of Natural Resources-owned land;
- (4) imposing age limits on the use of ATVs;
- (5) improving data collection on ATV-related incidents; and
- (6) increasing public awareness on the risks associated with ATVs.

The task force shall also consider, as a starting point for review, the model legislation on ATVs developed by the Specialty Vehicle Institute of America. In recent years, the surplus for this division has grown rapidly. Recent rate changes and changes in the market may limit this growth. However, at the end of calendar 2008, the projected surplus will be more than five times the estimated assessment threshold. While the statute governing MAIF contains a policy focused on the problem of a surplus that is too small, no such policy exists for a surplus that is too large. MAIF and MIA should work together to identify options on methods of determining the reasonableness of the surplus in the Insured Division, who should be responsible for making this determination, and methods of reducing the surplus if it is determined to be excessive.

**Semi-Annual Health Insurance Cost and Payment Reporting:** The committees request that the Department of Budget and Management (DBM) submit reports to the Department of Legislative Services and the budget committees concerning the employees' and retirees' health insurance and prescription drug programs by September 15, 2008, and January 15, 2009. The report due on September 15, 2008, shall provide the requested information for the entire fiscal year ending June 30, 2008, and the report due on January 15, 2009, shall provide the requested information for the first five months of fiscal 2009. The reports shall include the information specified below.

## F

- (1) A reporting of all health and dental maintenance organizations, preferred provider, and point-of-service plan options that shows:
  - (a) premiums to be paid for all categories of membership; and
  - (b) enrollment figures for all categories of membership.
- (2) A reporting listing weekly totals of payroll contributions toward prescription, dental, and health insurance payments made by
  - (a) the State for its subsidy;
  - (b) employees;
  - (c) retirees; and
  - (d) subobject 0153 agency transfers.
- (3) A reporting listing quarterly totals of costs paid to vendors for health insurance, dental insurance, and prescriptions, by plan category for:
  - (a) active employees;
  - (b) retirees;
  - (c) satellite members; and
  - (d) direct pay members.
- (4) A reporting of the prescription drug program that includes data on:
  - (a) total expenditures;
  - (b) the number of prescriptions filled;
  - (c) total out-of-pocket costs paid for by members;
  - (d) total number of families reaching the \$700 out-of-pocket payment cap; and
  - (e) total out-of-pocket payments made toward the \$700 cap.

**G20J01.02**

Add the following language to the special fund appropriation:

, provided that no funds may be expended for the first phase of the Maryland Pension Administration System (MPAS) information technology project until:

- (1) an independent verification and validation (IV&V) review of the MPAS design and architecture is completed; and
- (2) the Department of Budget and Management provides a written summary of the IV&V report to the budget committees detailing potential problems and suggested corrective actions, and the committees shall have had 45 days to review and comment on the report.

Further provided that no funds may be expended on the second phase of the MPAS project until the budget committees receive verification of 100 percent completion and implementation of the first phase of MPAS.

Further provided that \$950,000 for the second phase of the MPAS project funds may not be expended until the SRA:

- (1) completes the initial scoping of the clean-up that will determine the parameters of the second phase and the associated Request for Proposals; and
- (2) provides a definitive accounting of total estimated MPAS-2 project costs, adjusted for the findings of the scope, to the budget committees. The committees shall have 45 days to review and comment on the report.

**Explanation:** The first phase of the MPAS project has met with significant time delays and budget overages. An independent review that could have helped alleviate these problems, which was initially urged by the Department of Legislative Services in January 2007, is only beginning in February 2008, after the aforementioned project delayed the project launch date. This language is recommended to prevent further project problems.

**Procurement Requirements Concerning Use of Maryland Correctional Enterprises and Blind Industries and Services of Maryland:** The committees continue to be concerned that State agencies properly follow the procurement requirements concerning the use of the Maryland Correctional Enterprises (MCE) and the Blind Industries and Services of Maryland (BISM). The committees therefore request Department of General Services (DGS) utilize MCE and BISM for as much of its procurement needs as possible, subject to Section 14-103 of the State Finance and Procurement Article. DGS is requested to prepare a report on its procurement activities for fiscal 2009 listing the items procured and the vendor used. **Budget Amendments**

Add the following language:

It is the intent of the General Assembly that projects and funding levels appropriated for capital projects, as well as total estimated project costs within the Consolidated Transportation Program (CTP), shall be expended in accordance with the plan approved during the legislative session. The department shall prepare a report to notify the budget committees of the proposed changes in the event the department modifies the program to:

- (1) add a new project to the construction program or development and evaluation program meeting the definition of a “major project” under Section 2-103.1 of the Transportation Article that was not previously contained within a plan reviewed in a prior year by the General Assembly and will result in the need to expend funds in the current budget year;  
or
- (2) change the scope of a project in the construction program or development and evaluation program meeting the definition of a “major project” under Section 2-103.1 of the Transportation Article that will result in an increase of more than 10 percent, or \$1,000,000, whichever is greater, in the total project costs as reviewed by the General Assembly during a prior session.

For each change, the report shall identify the project title, justification for adding the new project or modifying the scope of the existing project, current year funding levels, and the total project cost as approved by the General Assembly during the prior session compared with the proposed current year funding and total project cost estimate resulting from the project addition or change in scope.

Notification of changes in scope shall be made to the General Assembly concurrent with the submission of the draft and final CTP. Notification of new construction project additions, as outlined in paragraph (1) above, shall be made to the General Assembly prior to the expenditure of funds or the submission of any contract for approval to the Board of Public Works.

**Explanation:** This annual budget bill language requires the department to notify the budget committees of proposed changes to the transportation capital program that will add a new project that was not in the 2008 CTP or will increase a total project’s cost by more than 10%, or \$1.0 million, due to a change in scope. Reports are to be submitted with the draft and final versions of the CTP, with each using the 2008 session CTP as the basis for comparison.

Add the following language:

The Maryland Department of Transportation (MDOT) shall not expend funds on any job or position of employment approved in this budget in excess of 9,200.50 positions and 167.89 contractual full-time equivalents paid through special payments payroll (defined as the quotient of the sum of the hours worked by all such employees in the fiscal year divided by 2,080 hours) of the total authorized amount established in the budget for MDOT at any one time during fiscal 2009. The level of contractual full-time equivalents may be exceeded only if MDOT notifies the budget committees of the need and justification for additional contractual personnel due to:

- (1) business growth at the Helen Delich Bentley Port of Baltimore or Baltimore/Washington International Thurgood Marshall Airport that demands additional personnel; or
- (2) emergency needs that must be met (such as transit security or highway maintenance).

The Secretary shall use the authority under Sections 2-101 and 2-102 of the Transportation Article to implement this provision. However, any authorized job or position to be filled above the regular position ceiling approved by the Board of Public Works shall count against the Rule of 50 imposed by the General Assembly. The establishment of new jobs or positions of employment not authorized in the fiscal 2009 budget shall be subject to Section 7-236 of the State Finance and Procurement Article and the Rule of 50.

- (1) what actions have been taken during calendar 2008 regarding toll revenue and cost estimates and what those estimates are for each option;
- (2) what locally preferred options may have been identified;
- (3) what potential segmentations are available for the project as well as tolling options;
- (4) what is the interest of the counties in the project and its potential level of support;
- (5) whether a public-private partnership agreement is still an option, and if so, what that agreement may involve; and
- (6) whether or not a solicitation will be made to the public sector for assistance in the development and financing of this project, and if so, when.

The report is due by November 1, 2008, and the budget committees shall have 45 days from the date of submission for review and comment.

Further provided that no funds may be expended and no contracts may be awarded through the Board of Public Works or otherwise for any portion of the I-270/Corridor Cities Transitway project until the budget committees have received and commented on the above mentioned report.

1. Reduce funding for in-state travel to conferences and seminars. This reduction provides funding equal to the fiscal 2008 working appropriation which still provides for a \$29,802, or 121%, increase over actual expenditures in fiscal 2007.	27,590	SF	
2. Reduce funds for consulting. Due to the upcoming federal transportation reauthorization, the Secretary's Office (TSO) has contracted with a consulting firm to assist with technical knowledge regarding the transportation reauthorization process. The Governor's Office has staff in Washington, DC to lobby the federal government and assist TSO in the reauthorization process. The Maryland Department of Transportation also has a governmental relations office to assist in the federal reauthorization process. Amendment No. 77

**J00A04**  
**Department of Transportation**  
**Debt Service Requirements**

**Budget Amendments**

Add the following language:

Consolidated Transportation Bonds may be issued in any amount provided that the aggregate outstanding and unpaid balance of these bonds and bonds of prior issues shall not exceed \$1,620,850,000 as of June 30, 2009. Provided, however, that the debt service shall be reduced by any proceeds generated from net bond sale premiums. To achieve this reduction, the Maryland Department of Transportation may either use projected proceeds from bond sale premiums to reduce the size of the bond issuance or apply the proceeds from the premium to debt service for that bond issuance provided that those revenues are recognized by the department and reflected in the Transportation Trust Fund forecast.

**Explanation:** Section 3-202 of the Transportation Article requires the General Assembly to establish the maximum debt outstanding each year in the budget bill. The level is based on outstanding debt as of June 30, 2008, plus projected debt issued during fiscal 2009 in support of the transportation capital program.

Amendment No. 78

Add the following language:

The total aggregate outstanding and unpaid principal balance of nontraditional debt, defined as any debt instrument that is not a Consolidated Transportation Bond or a Grant Anticipation Revenue Vehicle bond issued by the Maryland Department of Transportation (MDOT), may not exceed \$693,780,000 as of June 30, 2009. Provided, however, that in addition to the limit established under this provision, MDOT may increase the aggregate outstanding unpaid and principal balance of nontraditional debt so long as:

- (1) MDOT provides notice to the Senate Budget and Taxation Committee and the House Committee on Appropriations stating the specific reason for the additional issuance and providing specific information regarding the proposed issuance, including information specifying the total amount of nontraditional debt that would be outstanding on June 30, 2009, and the total amount by which the fiscal 2009 debt service payment for all nontraditional debt would increase following the additional issuance; and
- (2) the Senate Budget and Taxation Committee and the House Committee on Appropriations have 45 days to review and comment on the proposed additional issuance before the publication of a preliminary official statement. The Senate Budget and Taxation Committee and the House Committee on Appropriations may hold a public hearing to discuss the proposed increase and must signal their intent to hold a hearing within 45 days of receiving notice from MDOT.

## J00A04

**Explanation:** This language limits the amount of nontraditional debt outstanding at the end of fiscal 2009 to the total amount that is projected to be outstanding from all previous nontraditional debt issuances as of June 30, 2008, and all anticipated sales in fiscal 2009. The language allows MDOT to increase the amount of nontraditional debt outstanding in fiscal 2009 by providing notification to the budget committees regarding the reason that the additional issuances are required.

Amendment No. 79

The Maryland Department of Transportation (MDOT) shall submit with its annual September and January financial forecasts information on (1) anticipated and actual nontraditional debt outstanding as of June 30 of each year; and (2) anticipated and actual debt service payments for each outstanding nontraditional debt issuance from fiscal 2008 through 2019. Nontraditional debt is defined as any debt instrument that is not a Consolidated Transportation Bond or a Grant Anticipation Revenue Vehicle bond; such debt includes, but is not limited to, Certificates of Participation, debt backed by customer facility charges, passenger facility charges, or other revenues, and debt issued by the Maryland Economic Development Corporation or any other third party on behalf of MDOT.

**J00D00.01 Port Operations**

Add the following language to the special fund appropriation:

, provided that the Maryland Port Administration (MPA) shall not enter into a long-term lease of Seagirt Marine Terminal without providing the General Assembly ample time to review the proposed lease. Therefore, the General Assembly requires a report from MPA:

- (1) not less than 30 days before issuing a public notice of procurement related to a public-private partnership arrangement, subject to Section 2-1246 of the State Government Article. The report shall include a summary of the proposed procurement document to be used for solicitation of the public-private partnership arrangement; and
- (2) not less than 30 days before entering into any public-private partnership arrangement, subject to Section 2-1246 of the State Government Article, MPA shall provide a description of the proposed lease agreement and a financing plan, including:
  - (A) the length of the proposed lease;
  - (B) the scope of payments to MPA from the proposed public-private partnership arrangement;
  - (C) a cost-benefit analysis of the proposed public-private partnership arrangement;
  - (D) evidence of the financial stability of the private partner;
  - (E) requirements pertaining to the ongoing operation and maintenance of the facility and contract oversight;
  - (F) requirements pertaining to capital investment in the facility and timeline for completion of that investment;
  - (G) a description of performance measures utilized in the contract, as well as actions that may be taken if performance goals are not met;
  - (H) the impact of the proposed agreement on revenues received, debt issued, and land owned by the State, Maryland Department of Transportation, or Maryland Transportation Authority; and
  - (I) the impact, if any, on federal funds.

## J00D

These reports shall be submitted to the Senate Budget and Taxation Committee, the House Committee on Ways and Means, the House Committee on Appropriations, and to the Department of Legislative Services. Upon submission, the budget committees shall have 30 days to review and comment on each report.

**Explanation:** MPA has decided to move forward with a long-term lease of Seagirt Marine Terminal. The budget committees are concerned that the current statutory framework for legislative notice of public-private partnerships may not include port facilities. It is the intent of the committees that MPA should follow the same legislative notice requirements as if the current statutory requirements applied. Therefore, this language requests two reports, one prior to issuance of a public notice of procurement of a long-term lease, and one prior to entering into an agreement.

Amendment No. **83**

<b>Reduce appropriation for the purposes indicated:</b>	<b>Funds</b>	<b>Positions</b>
1. Reduce funding for travel based on a three-year average of actual spending. This action also allows for 10% growth over the three-year actual.	37,918	SF
2. Delete funding for a grant to Ocean Race Chesapeake, Inc. Ocean Race Chesapeake is an international boat race that has historically included a stop in Baltimore. However, the organizers of the boat race have announced that beginning in the 2008 sailing season, they will no longer stop in Baltimore. Without the promotional opportunities that have existed in the past as a result of this stop in Baltimore, there is no reason for the Maryland Port Administration to provide funding to this organization.	35,000	SF

## J00D

Administration's (MPA) vehicle fleet is comprised of utility vehicles. This action funds replacement of pick-up trucks instead of four-wheel drive utility vehicles in an effort to reduce the number of utility vehicles in MPA's vehicle fleet.

4. Reduce funding for the replacement of five motor vehicles. These five vehicles include two sedans and three 4-wheel drive utility vehicles. All five of these vehicles are model year 2004 and are only four years old. The vehicles are all expected to exceed 100,000 miles by February 2009. However, in setting the 100,000-mile threshold, the Department of Budget and Management stresses that it is an indicator for possible replacement only, and not a benchmark that requires replacement. Given that the vehicles are only four years old, it is likely they are in very good shape except for the high mileage, and therefore should not be replaced.

### Committee Narrative

**Chromium Ore Processing Residue Remediation:** The committees are concerned about chromium ore processing residue (COPR) contained at Dundalk Marine Terminal. The Maryland Port Administration and Honeywell International are currently reviewing options for remediation of the COPR. In addition to the obvious concerns about the health of terminal workers due to the carcinogenic properties of the COPR, the committees are concerned about the significant cost of remediation and how it will be funded. Therefore, the committees request a report summarizing:

- the timeline for completion of remediation; and
- proposed funding of the remediation.

**Agreement with Baltimore City for Payments in Lieu of Taxes:** The Maryland Port Administration (MPA) and the City of Baltimore reached an agreement many years ago regarding the Payments in Lieu of Taxes (PILOT) that MPA would pay to the city of Baltimore for its port property. Similar agreements have also been reached for MPA property located in Anne Arundel and Baltimore counties. In many cases, the PILOT agreements that have been established are significantly lower than what MPA would be paying if the property was taxed at the local property tax rate. Although 4 of the port properties located in Baltimore City have an automatic escalation clause set in statute, agreements for the remaining 11 port properties in Baltimore City and Baltimore and Anne Arundel counties do not have an escalation provision and must be renegotiated. The committees are concerned that the agreements may be outdated and do not reflect the true assessable value of the property. The committees request that MPA undertake a study of other public port agencies to determine the methodology used in determining taxable rates or PILOT agreements that are used for port property and the frequency of adjustments to the amounts. MPA shall consult with officials from the city of Baltimore, Baltimore and Anne Arundel counties as part of the analysis.

**Discouraging the Use of Employment Contracts:** The committees are concerned about the use of employment contracts for management personnel at the Maryland Department of Transportation (MDOT), specifically executive director and administrator positions at each of the modes. These positions serve at the pleasure of the Secretary of MDOT and employment contracts may hamper the ability of the Secretary to make necessary personnel changes. It is the intent of the committees that MDOT should refrain from using employment contracts when possible. However, employment contracts may be used when necessary to attract or retain the best candidate for a position.

Add the following language to the special fund appropriation:

, provided that \$100,000 of this appropriation is contingent upon the submission of a report on any efforts to implement the federal REAL-ID Act. The report shall include the following information:

- (1) a timeline of actions taken by the agency to implement the REAL-ID Act with a description and cost associated with those actions;
- (2) a timeline of actions necessary to comply with the deadline for State implementation of the REAL-ID Act;
- (3) any policy or operational issues that have arisen during the course of activities to implement the REAL-ID Act;
- (4) an analysis of the impact on residents of the State from implementing the REAL-ID Act in terms of cost, wait lines, and privacy; and
- (5) what steps the Motor Vehicle Administration is taking to reach the information technology requirements of the REAL-ID Act and the costs associated with those efforts.

The report shall be submitted by November 3, 2008, and the budget committees shall have 45 days to review and comment.

**Explanation:** The committees would like for the Motor Vehicle Administration (MVA) to report on any activities it has taken to implement the REAL-ID Act. In addition the committees request information regarding the impacts of the federal REAL-ID and issues that may arise during the course of implementing the requirement.

**Explanation:** This language requires the Maryland Department of Transportation (MDOT) and the Motor Vehicle Administration (MVA) to submit as part of its financial forecast for fiscal 2009 to 2014 detail of revenues and expenditures for the purpose of calculating cost recovery for each fiscal year of the forecast period.

### **Committee Narrative**

**Report on Data Privacy and Information Security:** The committees are concerned about protecting the information that is required under the federal REAL-ID Act to obtain a driver's license or personal identification card. States must enact and enforce their own standards to protect the privacy and data security of highly personal information of their residents. Therefore, the committees request that the Motor Vehicle Administration (MVA) write a report by December 1, 2008, that includes a proposal for ensuring the data privacy and security of information and electronic documents contained on the REAL-ID compliant driver's license and identification cards, including the machine readable strip, and in MVA databases. The report shall include draft proposed legislation and regulations to protect data privacy and security of information including standards for information technology systems, datasharing with other jurisdictions, limitations on access, limitations on use, limitations on collection and sharing or selling by others. **Budget Amendments**

Add the following language:

Provided that the Maryland Transit Administration (MTA) shall notify the budget committees prior to a contract extension or enhancement being approved by the Board of Public Works. MTA shall provide the following information to the committees:

- (1) what additional service will be provided;
- (2) a justification for the need for additional service and why the service cannot be considered as part of the normal budget process; and
- (3) an estimate as to what ridership for the new service will be, the operating and any capital costs associated with the additional service, and any other budgetary impacts associated with the additional service.

The committees shall have 45 days to review and comment upon submission.

**Explanation:** In December 2007, the Maryland Transit Administration (MTA) submitted contract additions to existing Maryland Rail Commuter (MARC) contracts to provide additional service. These contracts had an operating budget impact, and the budget committees were not given the opportunity to comment prior to the contracts being approved by the Board of Public Works (BPW). This language would require MTA to give the committees notification of service enhancements and expansions prior to approval by BPW. **Purple Line Report:** Traffic congestion on Interstate 495 between its intersection with I-95 and its intersection with State Route 185 (Connecticut Avenue) is some of the worst in the nation. Projections are for the number of vehicle trips in this area to increase. Contributing to that increase is the location of a number of new employees at the National Naval Medical Center in Bethesda due to the decisions made in the Base Relocation and Closure.

The proposed new mass transit facility called the “Purple Line” is planned to travel on an east-west alignment from Bethesda to New Carrollton in Prince George’s County. It will be the largest capital expenditure made by Maryland to the Washington Area Metropolitan Transit Authority (WMATA) system since its initial construction.

The committees request the Maryland Department of Transportation (MDOT) and the Maryland Transit Administration (MTA) report by December 1, 2008, on the following issues concerning the Purple Line:

- (1) looking at forecasted ridership, the number of projected riders who are currently not taking mass transit and the number of riders who currently utilize other forms of mass transit to travel to destinations;
- (2) the impact the Purple Line will have on the projected increase in traffic to the National Naval Medical Center in Bethesda;
- (3) the effect the Purple Line would have on travel times of vehicular traffic on State Routes 185 (Connecticut Avenue), 193 (University Boulevard) 410 (East-West Highway), 97 (Georgia Ave.), 29 (Coleville Road), 650 (New Hampshire Ave.), 1 (Baltimore Ave.) and 201 (Kenilworth Avenue);
- (4) the impact, in terms of numbers of vehicle trips, the completed Purple Line would have between the intersection of I-95 and I-495 and State Route 185 and I-495;
- (5) the operational and fiscal challenges of adding a light rail line to WMATA current heavy rail only system as well as the potential cost impact for the State; and
- (6) the outlook for receiving federal assistance for this project in light of the recent U.S. Department of Transportation decision to not fund the Dulles rail extension due to the challenges facing the operation and maintenance of the current Metrorail system.

### Budget Amendments

#### J00H01.05 Facilities and Capital Equipment

Reduce appropriation for the purposes indicated:

	<u>Funds</u>	<u>Positions</u>
1. Reduce special funds in the capital program to more accurately reflect cash flow needs. The agency reduced the fiscal 2008 working appropriation by \$140 million compared to the legislative appropriation to more accurately reflect cash flow needs for projects. The fiscal 2009 allowance increases by \$183 million compared to the working appropriation. Given the large number of projects added in fiscal 2009 and the agency's past problems with estimating cash flow, this reduction provides a more accurate portrayal of capital spending. Should the agency require additional funding beyond the appropriation for the capital program, a budget amendment may be processed.	50,000,000	SF

**J00I00.02 Airport Operations**

Reduce appropriation for the purposes indicated:	<u>Funds</u>	<u>Positions</u>
1. Reduce funds for turnover based on historical vacancy rates. The turnover rate is currently budgeted at 5.7%. Since January 2007, the vacancy rate has hovered near 10.5% and has ranged from a low of 9.56% to a high of 13.69%. This action increases the turnover rate to 7.0% to better reflect these high vacancy rates.	389,645	SF
2. Reduce funds for a contract to repair and maintain light- and heavy-duty vehicles. In April 2006, the Maryland Aviation Administration entered into a contract to perform scheduled maintenance and authorized repairs for 85 light-duty vehicles and 17 heavy-duty fire rescue vehicles. The allowance includes funding matching the fiscal 2007 actual, as well as a nearly 60% increase. This action reduces funding to a more reasonable growth rate of 8% over the 2007 actual.	161,537	SF
3. Reduce funding for pest extermination based on actual spending. The fiscal 2009 allowance for extermination is \$80,539. Fiscal 2007 actual spending was \$47,550. This reduction allows for a 10% increase over fiscal 2007 spending.	28,234	SF
4. Reduce funds for trash and garbage removal based on actual spending. The fiscal 2009 allowance for trash and garbage removal is \$1.9 million. Fiscal 2007 spending totaled \$1.7 million. This reduction allows for a 10% increase over fiscal 2007 spending.	82,013	SF

Reduce appropriation for the purposes indicated:

	<u>Funds</u>	<u>Positions</u>
1. Increase turnover rate to 7.0% based on historical vacancy rates. The turnover rate is currently budgeted at 5.7%. Since January 2007, the vacancy rate has hovered near 10.5% and has ranged from a low of 9.56% to a high of 13.69%. This action increases the turnover rate to 7.0% to better reflect these high vacancy rates.	56,301	SF
2. Reduce funds for additional assistance. The fiscal 2009 allowance includes a \$22,800 increase to fund a new graduate student internship program. This fiscal 2008 appropriation for additional assistance was \$11,135, and no money was spent for this purpose in fiscal 2007. The Maryland Aviation Administration (MAA) should use existing resources to fund part of this internship program. This reduction leaves a remaining appropriation of \$22,800, the amount needed to fund the internship program.	11,135	SF
3. Reduce funds for legal service support based on actual spending. The fiscal 2009 allowance includes \$146,128 for legal service support. The three-year average of actual spending totals \$61,910. This action reduces funding to the three-year average actual spending.	84,218	SF

## J001

4. Reduce funds for communications based on actual spending. The fiscal 2009 allowance includes \$62,129 for communications. Actual fiscal 2007 spending was only \$34,304. This reduction allows for a 10% increase over fiscal 2007 actual spending.	24,395	SF
5. Delete funding for converting paper documents to microfilm or microfiche. This same amount has been appropriated the prior three fiscal years, and no money has been spent in any of those years. With the growing ease and use of computer scanners to preserve documents, scanned documents would provide a more accessible historical record.	58,600	SF
6. Reduce funds for the Protective Land Acquisition program. This program involves the purchase of property in the immediate vicinity of Baltimore/Washington International Thurgood Marshall Airport to ensure its availability in future years for potential aviation purposes. This is an ongoing program where funds are made available should potential purchases arise. The fiscal 2008 appropriation was \$1.5 million, and the fiscal 2009 allowance includes \$4.1 million for this purpose. This action leaves \$3.1 million in funding for fiscal 2009.	1,000,000	SF
7. Delete funding for a new air traffic control tower at Martin State Airport (MTN). This project has been in the Consolidated Transportation Program (CTP) since 2000 and still is not under construction. In the 2008-2013 CTP, it was moved from the Construction program back to the Development and Evaluation program and \$4.2 million of funding associated with the project was reprogrammed to system preservation projects. Moving the project forward is dependent on negotiations with the Federal Aviation Administration (FAA) and FAA approval of MTN's airport layout plan. This action deletes funding for the project, but the funding may be restored through budget amendment if the Maryland Aviation Administration can provide proof to the budget committees that they have reached an agreement with FAA over location and funding and MTN's airport layout plan is approved.	445,000	SF

Add the following language:

Provided that \$2,715,000 in special funds from the increase in non-tidal angler and sport fishing license fees may not be expended until the submission of a comprehensive plan to the budget committees on how the new revenues will be used.

**Explanation:** The increase in non-tidal angler and sport fishing license fees is projected to generate \$2,715,000 for the Fisheries Management and Protection Fund and Fisheries Research and Development Fund. However, the Department of Natural Resources (DNR) does not appear to have a comprehensive plan for the expenditure of this additional revenue. Therefore, the budget committees restrict the \$2,715,000 in special funds until DNR submits a report on how the additional revenue will be spent. Statute mandates that the Governor include in the budget allowance at least \$250,000 in general funds to support the administrative and food costs of the WIC Program. The Family Health Administration (FHA) uses \$65,000 of this appropriation to receive a federal fund match for the Farmers Market Coupon Program, which is dually administered by FHA and the Maryland Department of Agriculture. In addition, FHA uses \$112,000 to fund expenses related to networkMaryland, which are expenses that cannot be covered by federal funds. ## M00F03

### M00F03.06 Prevention and Disease Control

Add the following language to the general fund appropriation:

, provided that \$1,000,000 of this appropriation for the Office of Minority Health and Health Disparities to reduce infant mortality may not be expended for that purpose and may only be used to fund the expansion of the Family Health Administration's Babies Born Healthy program and funds not spent for this purpose shall revert to the general fund.

**Explanation:** The Governor's allowance provides new general funds in the amount of \$1.0 million for the Office of Minority Health and Health Disparities to reduce infant mortality. However, by statute, the General Assembly has expressed intent that the Office of Minority Health and Health Disparities be funded with federal and special fund sources. Also, in anticipation of receiving additional general funds in fiscal 2009, the Family Health Administration (FHA) has a comprehensive plan to utilize the funding in the manner intended in the allowance through the expansion of the Babies Born Healthy program. Therefore, the \$1.0 million would be best utilized through the Babies Born Healthy program that is administered by FHA.

### Committee Narrative

**Stockpile of Antiviral Treatments:** The committees note the federal government is offering to sell the states enough antiviral treatments to treat 25 percent of each state's population at a significantly reduced price. To date, the department has purchased 36 percent of the antiviral treatments allotted to the State under the federal subsidized price. To take advantage of the federal government's offer, the Department of Health and Mental Hygiene (DHMH) must purchase the antiviral treatments by June 29, 2008. The committees request that DHMH provide a report by August 1, 2008 detailing how much of the antiviral treatments were purchased at the federal subsidized price and the source of funding the purchases.

**Status Report on the Transition to Name-based HIV Reporting:** The committees would like to monitor the Department of Health and Mental Hygiene’s AIDS Administration’s transition to name-based HIV reporting. The federal reauthorization of the Ryan White Comprehensive AIDS Resources Emergency (CARE) Act, which is a major funding source of the AIDS Administration, changed the basis for the funding distribution to name-based HIV reporting. This means the AIDS Administration must change from a code-based to a name-based system to continue to receive Ryan White CARE funding. The AIDS Administration needs to complete the transition to a name-based system by December 31, 2008, in order to sustain federal funding at a level comparable to the current level. The AIDS Administration should report on the status of the transition by January 10, 2009.

**M00K02.01 Alcohol and Drug Abuse Administration**

Add the following language to the general fund appropriation:

, provided that \$100,000 of this appropriation may not be expended until the Alcohol and Drug Abuse Administration submits a report to the budget committees outlining actions it intends to take to maximize the utilization of local addictions prevention and treatment awards. The actions shall be specific to individual jurisdictions as appropriate. The report shall be submitted by December 1, 2008, and the budget committees shall have 45 days to review and comment.

**Explanation:** There are a number of jurisdictions that regularly under-utilize their local addictions prevention and treatment awards. The Alcohol and Drug Abuse Administration (ADAA) notes that it is working with all jurisdictions in order to both maximize the utilization of awards and also to ensure that these dollars are spent as efficaciously as possible. However, some jurisdictions regularly leave funding unspent. The language restricts funds until ADAA reports to the budget committees on actions that will occur, specific to relevant jurisdictions, to resolve this problem.

It is the intent of the General Assembly that funding for Community Services (M00L01.02) and Community Services for Medicaid Recipients (M00L01.03) be expended in accordance with budget detail presented to, and approved by, the General Assembly. If the department wishes to make a regulatory, policy, or procedural change which increases or decreases the budget by a sum greater than \$500,000, it shall inform the budget committees of the change and the committees shall have 30 days to review and comment before it becomes effective. In reporting any change, the department shall also include an assessment of the impact on clients and providers.

**Explanation:** The language requires the Department of Health and Mental Hygiene (DHMH) to notify the budget committees of any regulatory, policy, or procedural changes which increase or decrease funding for community mental health services by more than \$500,000. The report should include the potential impact on clients and providers.

**M00L01.02 Community Services**

Add the following language to the general fund appropriation:

, provided that \$3,325,475 of this appropriation is contingent on enactment of SB 210 or HB 372 establishing a program for behavioral health services for Maryland veterans of the Afghanistan and Iraq conflicts.

Further provided that:

- (1) no funding may be expended for services under the program until the Department of Health and Mental Hygiene submits to the budget committees, the Senate Finance Committee, and the House Health and Government Operations Committee, a detailed report specifying how the department intends to satisfy the provisions of SB 210 or HB 372 requiring service coordination for veterans and eligibility and medical necessity criteria. The budget committees shall have 30 days to review and comment;

## M00L

- (2) funding for the behavioral health services program for Maryland veterans of the Afghanistan and Iraq conflicts may only be expended to support that program. Any unexpended funds may not be reprogrammed or transferred but shall only revert to the general fund. In order to meet the requirements of this paragraph, the department shall separately account for services provided to Maryland veterans;
- (3) the Department of Health and Mental Hygiene shall seek reimbursement from the United States Department of Veterans Affairs or any other responsible payer for behavioral health services provided under SB 210 or HB 372. The department shall submit to the budget committees, within one month of the close of each quarter, actual services expenditures in the prior quarter and evidence that it has tried to seek reimbursement for these expenditures; and
- (4) the Department of Health and Mental Hygiene in conjunction with the Veterans Behavioral Health Advisory Board established under SB 210 or HB 372 shall, by September 1, 2008, submit a grant application to the United States Department of Veterans Affairs or other appropriate federal agency, seeking a minimum of \$3,500,000 in federal funds to support this program in each of fiscal 2010 and 2011. A copy of that request shall be provided to the Maryland congressional delegation and the budget committees.

### Committee Narrative

**Transition Plan for Developmentally Disabled-eligible and Pending Eligibility Individuals in State-run Psychiatric Facilities:** The committees are concerned about the number of developmentally disabled-eligible or pending eligibility individuals in State-run psychiatric facilities and the long delays often facing these individuals before they can be appropriately placed. Such individuals enter State-run psychiatric facilities dually diagnosed with mental illness and developmental disability and, after treatment, are developmentally disabled-eligible or pending eligibility. The Department of Health and Mental Hygiene (DHMH) shall develop a transition plan to facilitate the movement of these individuals into appropriate placements. The committees request that the Department of Health and Mental Hygiene (DHMH) develop a pilot integrated care management program for persons with serious mental illness and chronic physical health issues for implementation in fiscal 2010. Add the following language:

Provided that (1) \$2,542,577 of general fund appropriation of M00M0201, (2) \$864,527 of general fund appropriation of M00M0701, and (3) \$1,525,630 of general fund appropriation of M00M0901 shall not be expended until the Department of Health and Mental Hygiene submits a written report on the plan to orderly transfer and care for court-ordered individuals that will be relocated due to the closure of Rosewood. The budget committees shall have 45 days from receipt of the report to review and comment.

**Explanation:** The budget plan, as submitted by the Department of Health and Mental Hygiene (DHMH) to close Rosewood and transition its residents is no longer applicable. A major component of the plan transitioning the Brandenburg Center from an Intermediate Care Facility for the Mentally Retarded to a facility dedicated solely to the treatment of court-involved individuals is no longer a valid option. The department must finalize an alternate plan for the care and treatment of court-ordered individuals including a viable State facility that can serve individuals on a long-term basis.

Individuals will first be evaluated for behavioral issues to determine an appropriate placement either at a facility or at a community placement. DDA has identified a number of barriers associated with serving individuals in the community. The agency is asked to submit a report by July 1, 2008 that provides a clear and comprehensive policy on the treatment of court-involved individuals in facility and community settings. The report shall address solutions for the problems identified in the agency's response to Chapter 445 of 2007.

All appropriations provided for program M00Q01.03 are to be used only for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose, and there shall be no budgetary transfer to any other program or purpose, except that \$1,000,000 in Cigarette Restitution Funds may be transferred to the Maryland State Department of Education program R00A03.04 Aid to Non-public Schools for the purpose of purchasing textbooks. Further provided that the transfer of Cigarette Restitution Funds to the Maryland State Department of Education is contingent on:

- (1) the enactment of legislation authorizing any over-attainment of revenues into the Cigarette Restitution Fund up to \$1,000,000 to be added by budget amendment to the Medicaid budget to offset this transfer; and
- (2) the actual realization of those additional revenues.

**Explanation:** The language restricts funds for Medicaid provider reimbursements to that purpose with the exception of \$1 million in Cigarette Restitution Funds (CRF) which may be transferred to the Maryland State Department to augment the existing \$3,598,000 special fund appropriation for the purchase of textbooks by non-public schools. That transfer is contingent on legislation authorizing the transfer of over-attained CRF dollars to back-fill the Medicaid program and the actual realization of those revenues.

### Committee Narrative

**Copay for HIV drugs for HealthChoice Enrollees:** The budget committees request that the Department of Health and Mental Hygiene (DHMH) examine the impact that copays for HIV drugs for HealthChoice enrollees have had on the HIV disease management of those individuals. In July 2007, the budget reductions approved by the Board of Public Works (BPW) included carving HIV drugs out of the HealthChoice program. The action had an adverse impact on the HealthChoice enrollees that rely on

HIV drugs because none of the managed care organizations currently require copays for prescription drugs. However, under the Medicaid fee-for-service program the State charges copays for all drugs. So after the BPW actions, the HealthChoice enrollees that receive HIV drugs pay a \$1 copay for the HIV drugs and no copay for any other prescription drugs. HIV drugs are an essential component of the disease management for individuals that are HIV positive, and the copay requirement may be an impediment for some HealthChoice enrollees to obtain the necessary HIV drugs. The department should submit the report by December 1, 2008.

Report on the impact of HIV drug copays for HealthChoice enrollees	DHMH	December 1, 2008

**Services for Hard of Hearing and Deaf Children:** The committees are concerned that the hard of hearing and deaf children enrolled in Medicaid and the Maryland Children's Health Program (MCHP) are not receiving appropriate audiologic services and nearly all private practice sites are no longer providing hearing aid services for children enrolled in Medicaid and MCHP. The Department of Health and Mental Hygiene (DHMH) should report to the committees on the benefits provided to hard of hearing and deaf children through Medicaid and MCHP. In addition, DHMH should discuss the adequacy of reimbursement levels for audiologic services and the availability of Medicaid and MCHP providers for those services.

**Medicaid Pharmacy Dispensing Fees:** It is the intent of the budget committees that the Department of Health and Mental Hygiene (DHMH) determine a reasonable level for the Medicaid pharmacy dispensing fees. In determining a reasonable level for the dispensing fee, the department shall take into consideration the findings of the 2006 cost of dispensing survey conducted by the University of Maryland School of Pharmacy on behalf of the department. In addition, a reasonable Medicaid pharmacy dispensing fee should be a level that is:

- (1) fair, transparent, and reasonable and provides a reasonable profit;
- (2) adequate to ensure that an individual covered under the Medical Assistance program has access to prescription drugs and pharmacy services at the same level as those services are available for Maryland residents who are not individuals enrolled in the Medical Assistance program; and
- (3) consistent with efficiency, economy, and quality of care.

### Budget Amendments

#### M00Q01.10 Medicaid Expansion

Add the following language:

All appropriations provided for program M00Q01.10 are to be used only for the purposes herein appropriated and for specialty mental health services, and there shall be no budgetary transfer to any other program or purpose other than M00Q01.03 and the Mental Hygiene Administration.

**Explanation:** The language restricts funds for Health Care Coverage Fund provider reimbursements to that purpose.

Amendment No. **115**

Amend the following language in the special fund appropriation:

, provided that ~~\$14,275,000~~ \$3,000,000 of this appropriation is contingent upon the enactment of legislation authorizing the use of additional funding from the Rate Stabilization Fund during fiscal year 2009.

**Explanation:** The action amends the existing language making the special funds from the Rate Stabilization Fund contingent on the enactment of legislation. The amendment reduces the available special funds to reflect the decision to delay the implementation of the Medicaid expansion to parents for six months. As a result, the expansion will be effective as of January 1, 2009.

Add the following language to the special fund appropriation:

Further provided that this appropriation is contingent on the enactment of SB 974 or HB 1587.

**Explanation:** This language makes the special fund appropriation for the Medicaid expansion to parents contingent on the passage of SB 974 or HB 1587.

Amendment No. **116**

## M00Q

Add the following language to the special fund appropriation:

Further provided that \$19,000,000 of this appropriation may only be expended to end hospital day limits effective July 1, 2008.

**Explanation:** Language restricts \$19 million of the special fund appropriation to end hospital day limits effective July 1, 2008.

Amendment No. 117

Add the following language to the special fund appropriation:

Further provided that \$1,000,000 of this appropriation is contingent upon the Department of Health and Mental Hygiene submitting an interim report to the budget committees by December 31, 2008 concerning the implementation of the Medicaid expansion to parents and their children. The budget committees shall have 45 days to review and comment. The report shall include:

- (1) an explanation of the method used to collect hospital uncompensated care, the Maryland Health Insurance Plan assessments, or any other revenues used to fund the health care expansion efforts and the recovery of federal Medicaid funds based on those disparate revenue sources;
- (2) an update regarding the Medical Care Programs Administration recovered federal Medicaid funds for the expenditure of the \$33,000,000 in special funds transferred from the Maryland Health Insurance Plan;
- (3) a detailed account of how the eligibility of the new parents and children is determined and how the new parents and children are being tracked by the department; and
- (4) the number of new parents and children enrolled in Medicaid and the cost and utilization of inpatient hospital care and specialty mental health services of the new enrollees.

Further provided that the Department of Health and Mental Hygiene shall submit a final report to the budget committees by June 30, 2009 detailing the program experience of the Medicaid expansion to parents and their children through the first year of implementation.

**Explanation:** This language restricts \$1.0 million until the Department of Health and Mental Hygiene (DHMH) submits an interim report regarding the implementation of the Medicaid expansion to parents with household incomes up to 116% of the federal poverty level. Fiscal 2009 is the first year of a multi-year Medicaid expansion, and for the first

couple of years the health care expansion is expected to be funded with uncompensated care savings from the hospital system and other special fund sources. The report should explain the method planned to collect the uncompensated care savings, the Maryland Health Insurance Plan assessments, or any other revenues used to fund the health care expansion efforts and the recovery of federal Medicaid funds based on those disparate revenue sources. Also, the department should report on other aspects of the implementation of the Medicaid expansion in the interim report and at the end of the first year of the program's experience.

Add the following language to the general fund appropriation:

, provided that \$21,700,000 of the general fund appropriation for the Office of Home Energy Programs may not be expended until all special funds available to the Universal Service Benefit Program have been exhausted.

**Explanation:** This language restricts the use of the \$21.7 million in general fund appropriation for the State Special Benefit Program of the Office of Home Energy Programs until all special funds have been exhausted.

Amendment No. **125**<sup>125</sup>

Add the following language to the general fund appropriation:

Further provided that \$21,700,000 of the general fund appropriation for the Office of Home Energy Programs be used only for the purpose herein appropriated, and there shall be no budgetary transfer to any other program or purpose. Funds unexpended at the end of the fiscal year shall revert to the general fund.

**Explanation:** This language restricts the general fund appropriation made for the purpose of low-income energy assistance to that purpose. It also requires that all unexpended funds be reverted at the end of the fiscal year. The funding available for the Electric Universal Services Program through ratepayer funding has been inadequate in recent years to meet the needs of households. As a result, additional funding has been available for low income energy assistance, through the Dedicated Purpose Account in prior years and general funds in the fiscal 2009 allowance. All funding available for the purpose of helping to meet the energy assistance demand should be used for this purpose to ensure all households who qualify and apply receive a benefit. If reduced demand lessens the need for additional assistance the money should revert to the general fund.

**Explanation:** This language restricts funds appropriated for foster care payments to that use only or for transfer to N00G00.03 Child Welfare Services which is where child welfare caseworker positions are funded.

Amendment No. **127**

**N00G00.03 Child Welfare Services**

Add the following language:

Provided that:

- (1) all appropriations for program N00G00.03 Child Welfare Services are to be used only for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose except that funds may be transferred to program N00G00.01 Foster Care Maintenance Payments; and
- (2) notwithstanding paragraph (1) above, general funds of \$8,900,000 in object 01 Salaries, Wages, and Fringe Benefits may be transferred to other units within the Department of Human Resources' Local Government Operations for employee and retiree health and other fringe benefits.

**Explanation:** This language restricts funds appropriated for child welfare services to that use only or for transfer to N00G00.01 Foster Care Maintenance Payments. However, the language allows the general funds included in this program and intended to pay for employee and retiree health and other fringe benefits for other units of the Local Government Operations to be transferred to the other Local Government Operations programs as needed up to \$8.9 million.

Amendment No. **128**

## N00G

Add the following language to the general fund appropriation:

, provided that:

- (1) \$500,000 of this appropriation may not be expended unless the Department of Human Resources has on December 1, 2008, at least 2,071 filled child welfare caseworker and supervisor positions;
- (2) \$500,000 of this appropriation may not be expended unless the Department of Human Resources has on March 1, 2009, at least 2,071 filled child welfare caseworker and supervisor positions; and
- (3) in addition to having at least the number of filled caseworker and supervisor positions indicated in paragraphs (1) and (2), the funds restricted in paragraphs (1) and (2) may not be expended unless the Department of Human Resources also reports, at each date, on the actual number of cases and filled positions assigned, by jurisdiction, for the following caseload types using data current within 60 days:
  - (i) Intake Screening;
  - (ii) Child Protective Investigation;
  - (iii) Continuing Child Protective Services;
  - (iv) Intensive Family Services;
  - (v) Families NOW Levels II – III;
  - (vi) In-home Family Services;
  - (vii) Foster Care;
  - (viii) Kinship Care;
  - (ix) Adoption Services;
  - (x) Interstate Compact for the Placement of Children;
  - (xi) Court-ordered Home Studies;
  - (xii) Resource Family Development and Support – New Applicants;
  - (xiii) Resource Family Development and Support – Ongoing and License Renewals/Kinship Caregivers; and
  - (xiv) Casework Supervisors.

Further provided that it is the intent of the General Assembly that the Department of Human Resources focus specifically on increasing the number of filled child welfare caseworker and supervisor positions in those jurisdictions that do not meet the staff to caseload ratios recommended by the Child Welfare League of America.

## N00G

**Explanation:** The Child Welfare Workforce Initiative of 1998 and the Child Accountability Act of 2006 require the Department of Human Resources to work toward maintaining sufficient filled child welfare caseworker and supervisor positions to meet the staffing standards recommended by the Child Welfare League of America (CWLA). As of December 1, 2007, the department was 145 filled positions short of this goal with only 2,026 filled positions. The new target would require the department to increase the number of filled positions by 50 more than were filled as of December 1, 2007. The language also requires that the department report on the caseloads and filled positions assigned by jurisdiction for the 14 caseload types identified by the department in consultation with the CWLA, and states intent that the department focus its efforts in those jurisdictions not meeting the staffing ratios recommended by the CWLA.

The department should appeal to the Department of Budget and Management (DBM) for reclassification of inspection positions to aid in retention. **Alternative Plan for the Assessment of Inmates:** Section 10-814 of the Health-General Article requires the Mental Hygiene Administration (MHA) to compensate case managers or other appropriate community mental health providers for conducting initial assessment of inmates who are (1) identified by the Department of Public Safety and Correctional Services (DPSCS) as having a serious mental illness; and (2) expected to be within three months of release. However, the committees are concerned that conducting initial assessments within DPSCS facilities have not proven feasible because resources for implementation are unavailable; and significant geographic challenges exist because inmates often return to a home community that is not in close proximity to the correctional institution they are leaving. The committees understand that MHA and DPSCS have developed an alternative plan to secure an appointment for a seriously mentally ill individual within two weeks of release. The committees request DPSCS and MHA report back to them on the implementation and results of this alternative plan.

**Benefit Restoration and Medication Supply for Inmates Returning to the Community:** House Bill 990 (2005) required the Department of Health and Mental Hygiene to suspend rather than terminate Medicaid benefits while an individual is incarcerated once a new eligibility system for the Medical Assistance Program was established. That eligibility system is pending, but in the interim the Departments of Public Safety and Correctional Services (DPSCS) and Human Resources (DHR) have established several Memorandum of Understanding (MOU) to expedite benefits applications so that eligible inmate can secure benefits within 48 hours of release. Additionally, House Bill 281 (2007) required that DPSCS provide certain inmates with access to a 30-day supply of medication for their mental illness upon release of the inmates.

The committees are interested in knowing how successful the MOUs and medication benefits have been and ask DPSCS and DHR to report back to them by December 1, 2008 on the following information:

- (1) How many inmates with serious mental illnesses have submitted complete applications to receive state or federal entitlement/benefits prior to release, as a result of the MOUs between DPSCS and DHR; of this total, how many successfully secured benefits; and reporting of the reasons why applications were denied, to the degree this is known.
- (2) The criteria used to determine if an inmate diagnosed with a mental illness was subject to the medication provision in House Bill 281; how many individuals who met the criteria received a 30-day supply of medication upon release (or a prescription for that supply); how many individuals met the criteria by received less than a 30-day supply of medication, and the reasons for the reduced provision of medication to these individuals; what additional costs were incurred as a result of the mandate; and how many individuals who received medication treatment for a mental health condition while incarcerated were discharged in the year and did not meet the definitional criteria of mental illness as established and applied by DPSCS, and as a result, were ineligible for the 30-day supply.

**Budget Amendments**

Add the following language:

Provided that funds for correctional education services within this budget may not be expended by the division but may only be transferred via budget amendment under one of the following two scenarios:

- (1) contingent on the enactment of SB 203 or HB 367, the designated funds shall be transferred to the Department of Labor, Licensing, and Regulation (DLLR); or
- (2) contingent on the failure of SB 203 or HB 367, all funding designated for education programs shall be transferred to the Maryland State Department of Education (MSDE), Division of Correctional Education, for the provision of educational services in the Department of Public Safety and Correctional Services.

Further provided that it is the intent of the General Assembly that all funding for correctional education purposes be appropriated within one agency, either entirely within the Department of Public Safety and Correctional Services and then accounted for as reimbursable funds within either DLLR or MSDE, or entirely within DLLR or MSDE. The General Assembly is concerned that the practice of partially budgeting correctional education funds in more than one agency obscures the true level of spending for this purpose; therefore all funds shall be budgeted within one agency beginning in the fiscal 2010 allowance.

**Explanation:** The General Assembly has expressed its intent that the Department of Public Safety and Correctional Services (DPSCS) not be responsible for providing educational services at correctional institutions. This language restricts DPSCS from expending funds for education programs at Division of Correction institutions. The language instead allows DPSCS to transfer education funding to the Maryland State Department of Education, or contingent on the enactment of Senate Bill 203 or House Bill 367, to the Department of Labor, Licensing, and Regulation for the provision of educational services at correctional institutions. This language also expresses the General Assembly's intent that future funding for correctional education be budgeted within one agency beginning in fiscal 2010 in order to eliminate the process of an annual budget amendment and to better assess the amount of resources annually appropriated for correctional education services.

#### Committee Narrative

**Report on the Provision of Reentry Services to Inmates:** The committees direct the Department of Public Safety and Correctional Services (DPSCS) to submit a report evaluating the impact of reentry services on the offender population. As the department revises its reentry program to focus on employment, education, and traditional reentry service provision, it is important to understand the impact of those services on the offender population and the level of service provision the department is able to provide with available resources. This report will allow the General Assembly to monitor the types of reentry services provided and the number of participants in order to ensure that reentry service resources are being effectively utilized. In submitting the report, the department should provide:

- (1) one, two, and three year recidivism rates for offenders who received specialized reentry and rehabilitative programming from fiscal 2005 through 2007;

## Q00B

- (2) a list of all reentry services provided during fiscal 2007, the number of participants, and the graduation/completion rate for each service;
- (3) indicators of any impact the programming may have had on inmate behavior;
- (4) the number of individuals eligible for and receiving a 30-day supply, or prescription for that supply, of medication upon release; and
- (5) the number of individuals with a valid Maryland identification card at time of release.

Furthermore, performance measures assessing the effectiveness and efficiency of the department's provision of reentry services should be developed and discussed in the report. These performance measures should also be included in the Division of Correction's fiscal 2010 Managing for Results Measures. The report shall be submitted to the committees no later than October 1, 2008.

The agency currently reports this measure for DOC inmates; however, it is responsible for paroling inmates sentenced to a term of confinement of six months or more from any correctional institution in Maryland, except the Patuxent Institution. Add the following language:

Provided that 53.0 regular positions shall be reduced from the Division of Parole and Probation budget.

**Explanation:** The action deletes the new positions in the Division of Parole and Probation, but leaves in place the approximately \$2.1 million to fund the positions. The agency currently has 194 vacancies, of which 118 are parole and probation agent and field supervisor positions. It is not certain that the agency will be able to fill such a high number of vacancies by the end of fiscal year 2008. Leaving the funding allows the division to fill more of its current vacancies in fiscal 2009 in order to reduce caseload ratios instead of receiving additional positions and maintaining a higher vacancy rate to meet budgeted turnover requirements.

Amendment No. **134**

**DIVISION OF PAROLE AND PROBATION**

**Q00C02.03 Community Surveillance and Enforcement Program**

Add the following language:

Provided that no funds in the budget may be expended to implement the Baltimore Phase of the community corrections reorganization, which involves transferring management of pre-release facilities from the Division of Correction (DOC) to the Division of Parole and Probation (DPP), until a report is submitted to the budget committees providing significant detail about the reorganization. The report shall include:

- (1) a timeline for implementing each stage of the reorganization;
- (2) an explanation of how the transition is to occur;
- (3) a description of any operational changes to DOC and DPP;
- (4) a review of how other states have implemented and operated a similar community corrections system and what success has been had;
- (5) a detailed explanation of who will be responsible for hiring, training, and assigning both the custodial and supervision staff under the community corrections system and how those two functions will interact; and

## Q00C02

- (6) a fiscal analysis of the potential cost increases or savings generated by transitioning to the new system.

The report shall also specifically address the fiscal and operational costs and benefits the new system will have on technical parole and probation violators. The report shall be submitted no later than July 30, 2008. The budget committees shall have 45 days to review and comment on this report.

**Explanation:** DPP has begun the process of creating a community corrections system designed to enhance the coordination and provision of reentry services for pre-release and recently released offenders with little input from the General Assembly. The plan involves a significant shift in the way operations are currently conducted both within DOC and DPP. This action prohibits DPP from spending any funds associated with the next phase of the community corrections reorganization until the agency can provide a significant amount of detail regarding how the reorganization will work and its benefits to pre-release and recently released offenders.

**Reporting Participation in the Patuxent Eligible Person Remediation Program:** The committees direct the Patuxent Institution, as part of its Managing for Results performance measures, to specifically identify the number of participants in the Patuxent Eligible Person remediation program when reporting its average daily population (ADP). Correctional Services Article 4-202 states that no more than 350 offenders may be enrolled in this program, although the institution is allowed to administer other remediation programs. The current ADP reporting includes the total for all Patuxent Institution inmates. Delineation of participants in this particular program will enable the General Assembly to monitor the institution's compliance with the law.

**R13M00.00 Morgan State University**

Add the following language to the current unrestricted fund appropriation:

, provided that the appropriation herein for Morgan State University shall be reduced by \$1,103,146 in current unrestricted funds. The reduction shall not reduce the number of students projected to be enrolled.

**Explanation:** Excluding Other Post Employment Benefits and tuition replacement funds, the fiscal 2009 allowance provides a 5.6% growth in general funds and Higher Education Investment Fund (HEIF) revenues per full-time equivalent student (FTES) over fiscal 2008. This language reduces the current unrestricted funds (general funds) by \$1,103,146, allowing general funds and HEIF revenues to grow 4.0% per FTES over fiscal 2008. This allows Morgan State University to increase spending per FTES while accommodating enrollment growth.

Amendment No. **140**

Add the following language to the current unrestricted fund appropriation:

Further provided that \$1,500,000 of this appropriation, for the purpose of improving student retention and graduation rates, may not be expended until Morgan State University has prepared and submitted a report to the budget committees outlining how the funds will be used and the measures that will be used to evaluate performance. The report shall be submitted by August 1, 2008, and the budget committees shall have 45 days to review and comment on the report.

Add the following language to the current unrestricted fund appropriation:

, provided that the appropriation for St. Mary's College of Maryland shall be reduced by \$189,445 in current unrestricted funds.

**Explanation:** The fiscal 2009 allowance provides a 4.6% increase in general funds based on an incorrect price inflator (3.8%) used in error and includes an additional \$131,000 for Other Post Employment Benefits (OPEB). The mandated formula should increase by 2.7% and the language reduces the current unrestricted (general) funds by \$189,445. The reduction retains general funds for OPEB and provides an overall 3.5% increase over fiscal 2008.

**Budget Amendments**

Add the following language:

Provided that the appropriation herein for the University System of Maryland (USM) institutions shall be reduced by \$15,000,000 in general funds. USM is authorized to transfer up to \$15,000,000 from the Higher Education Investment Fund by budget amendment to replace the general funds.

**Explanation:** The Higher Education Investment Fund (HEIF) is projected to have a balance of \$15,385,000 at the end of fiscal 2009. This language reduces current unrestricted revenues (general funds) by \$15,000,000 and allows the University System of Maryland to transfer \$15,000,000 from the HEIF by budget amendment thereby replacing the general funds with HEIF funds.

Amendment No. **144**

Add the following language:

Further provided that \$10,555,683 of current unrestricted revenue allocated to the enrollment funding initiative may not be expended until:

- (1) the University System of Maryland (USM) submits a report by December 1, 2008 on fall semester enrollment for each institution. The report shall include, by institution, the enrollment funding initiative attainment level by full-time equivalent student (FTES) and associated FTES funding as established by USM; number of undergraduate FTES and graduate FTES; and the number of FTES by which an institution meets, exceeds, or does not meet the attainment level. Funds will be released to those institutions that meet or exceed the attainment level; and
- (2) USM submits a report by May 1, 2009 for spring semester enrollment and includes any proposed re-allocation of funds from institutions that did not meet the attainment level to institutions exceeding the attainment level. Funds will be released:
  - (a) to those institutions that did not previously meet the attainment level but now meet or exceed the attainment level;
  - (b) on a pro-rata basis to those institutions that did not meet the attainment level; and
  - (c) from any remaining funds, to those institutions that exceed their attainment level.

The budget committees shall have 45 days to review and comment on each report.

## R30B00

**Explanation:** The language restricts the expenditure of general funds allocated to the enrollment funding initiative until the University System of Maryland (USM) submits a report on the enrollment attainment levels achieved by each institution, as established under the enrollment funding initiative. The report should include for each institution the enrollment funding initiative attainment level by full-time equivalent student (FTES) including the number of undergraduate FTES and graduate FTES; the number of FTES by which an institution meets, exceeds, or does not meet the attainment level; and the funds associated with each FTES. Institutions that meet or exceed enrollment attainment levels established under the enrollment funding initiative will receive full funding. Institutions that do not achieve enrollment attainment levels will receive funds on a pro-rated basis. USM may propose re-allocation of the enrollment funding initiative funds allocated to institutions that do not achieve their targets to institutions that exceed their targets.

Amendment No. 145

Add the following language:

Further provided that the appropriation herein for the University System of Maryland institutions shall be reduced by \$6,798,929 in current unrestricted funds. This reduction shall be allocated to each institution to allow general funds and Higher Education Investment Fund spending per full-time equivalent student to increase at least 4 percent in fiscal 2009. This reduction shall not reduce the number of students projected to be enrolled.

**Explanation:** The fiscal 2009 allowance provides for a 4.7% growth in general fund and Higher Education Investment Fund (HEIF) revenues per full-time equivalent student (FTES) over fiscal 2008 once Other Post Employment Benefits and tuition replacement funds are excluded. This language reduces the current unrestricted revenues (general funds) by \$6,798,929, allowing general funds and HEIF revenues in fiscal 2009 to grow at least 4.0% per FTES over fiscal 2008. This allows the University System of Maryland institutions to increase spending per FTES while accommodating enrollment growth of 1.5%, or 1,529 FTES, in fiscal 2009.

**Budget Amendments**

Add the following language:

Provided that it is the intent of the General Assembly that one-third of the increase in indirect cost recovery revenue associated with the use of a new research vessel be applied to future repayment installments to the master lease program. The University of Maryland Center for Environmental Science shall also submit a report to the budget committees by December 1, 2008, on active grants and the corresponding indirect cost recovery. The report shall include the prior year actual and the current year working awards.

**Explanation:** The language expresses the intent of the General Assembly that a portion of any increases in indirect cost recovery revenue that results from increased grant awards be applied to future repayment installments to the master lease program. The University of Maryland Center for Environmental Science (UMCES) expects grant revenues to increase since the new research vessel will have improved capabilities for research. These improvements will allow UMCES to compete for grants for which they would otherwise not be eligible. When grant funding increases, it is expected that indirect cost recovery revenue will also increase. One-third (33%) of this increase should be applied to the repayments. UMCES should also submit a report to the budget committees by December 1, 2008, on active grants and the corresponding indirect cost recovery revenue. The report should identify the grant money associated with the current research vessel. The report should include the prior actual and the current year active awards.

**Explanation:** The fiscal 2009 allowance provides a 4.6% increase in general funds based on an incorrect price inflator (3.8%) used in error and includes an additional \$131,000 for Other Post Employment Benefits (OPEB). The mandated formula should increase by 2.7% and the language reduces the current unrestricted (general) funds by \$189,445. The reduction retains general funds for OPEB and provides an overall 3.5% increase over fiscal 2008.

Amendment No. 158

## R75T

Add the following language to the general fund appropriation:

Further provided that the appropriation herein for Morgan State University shall be reduced by \$1,103,146 in general funds. The reduction shall not reduce the number of students projected to be enrolled.

**Explanation:** Excluding Other Post Employment Benefits and tuition replacement funds, the fiscal 2009 allowance provides a 5.6% growth in general funds and Higher Education Investment Fund (HEIF) revenues per full-time student (FTES) over fiscal 2008. This language reduces the current unrestricted funds (general funds) by \$1,103,146, allowing general funds and HEIF revenues to grow 4.0% per FTES over fiscal 2008. This allows Morgan State University to increase spending per FTES while accommodating enrollment growth.

## R75T

**Explanation:** The Higher Education Investment Fund (HEIF) is projected to have a balance of \$15,385,000 at the end of fiscal 2009. This language reduces current unrestricted revenues (general funds) by \$15,000,000 and allows the University System of Maryland to transfer \$15,000,000 from the HEIF by budget amendment thereby replacing the general funds with HEIF funds.

Amendment No. 161

Add the following language to the general fund appropriation:

Further provided that the appropriation herein for the University System of Maryland institutions shall be reduced by \$6,798,929 in general funds. This reduction shall be allocated to each institution to allow general funds and Higher Education Investment Fund spending per full-time equivalent student to increase at least four percent in fiscal 2009. This reduction shall not reduce the number of students projected to be enrolled.

**Explanation:** The fiscal 2009 allowance provides for a 4.7% growth in general fund and Higher Education Investment Fund (HEIF) revenues per full-time equivalent student (FTES) over fiscal 2008 once Other Post Employment Benefits and tuition replacement funds are excluded. This language reduces the current unrestricted revenues (general funds) by \$6,798,929, allowing general funds and HEIF revenues in fiscal 2009 to grow at least 4.0% per FTES over fiscal 2008. This allows the University System of Maryland institutions to increase spending per FTES while accommodating enrollment growth of 1.5%, or 1,529 FTES, in fiscal 2009.

Amendment No. 162

Reduce appropriation for the purposes indicated:

	<u>Funds</u>	<u>Positions</u>
1. Reduce Baltimore City Community College formula grant. This action allows for a 4.0% increase to the grant per full-time equivalent student over fiscal 2008. This increase will allow for an overall increase of 1.4% over fiscal 2008.	495,260	GF

Amendment No. 163

Add the following language to the special fund appropriation:

Further provided that \$10,555,683 of special funds allocated to the enrollment funding initiative may not be expended until:

- (1) the University System of Maryland (USM) submits a report by December 1, 2008 on fall semester enrollment for each institution. The report shall include, by institution, the enrollment funding initiative attainment level by full-time equivalent student (FTES) and associated FTES funding as established by USM; number of undergraduate FTES and graduate FTES; and the number of FTES by which an institution meets, exceeds, or does not meet the attainment level. Funds will be released to those institutions that meet or exceed the attainment level; and
- (2) USM submits a report by May 1, 2009 for spring semester enrollment and includes any proposed re-allocation of funds from institutions that did not meet the attainment level to institutions exceeding the attainment level. Funds will be released:
  - (a) to those institutions that did not previously meet the attainment level but now meet or exceed the attainment level;
  - (b) on a pro-rata basis, to those institutions that did not meet the attainment level; and
  - (c) from any remaining funds, to those institutions that exceed their attainment level.

The budget committees shall have 45 days to review and comment on each report.

**Explanation:** The language restricts the expenditure of funds allocated to the enrollment funding initiative until the University System of Maryland (USM) submits a report on the enrollment attainment levels achieved by each institution, as established under enrollment funding initiative. The report should include, for each institution: the enrollment funding initiative attainment level by full time equivalent student (FTES) including the number of undergraduate FTES and

graduate FTES; the number of FTES by which an institutions meets, exceeds, or does not meet the attainment level, and the funds associated with each FTES. Institutions that meet or exceed enrollment attainment levels established under the enrollment funding initiative will receive full funding. ### T00F00.23 Maryland Economic Development Assistance Authority and Fund – Capital Appropriation

Add the following language to the special fund appropriation:

, provided that \$2,000,000 of this appropriation is authorized to be transferred to the Rural Broadband Assistance Fund. This appropriation may not be expended until the Department of Business and Economic Development provides a report to the budget committees on the rural broadband project, including the status of all project phases, the use of State funds received, potential sources of private funding, and estimates for project completion. The committees shall have 45 days to review and comment.

**Explanation:** The Department of Business and Economic Development (DBED) and the Rural Broadband Cooperative have not provided a report on the status of the rural broadband project and the use of funds received since the Rural Broadband Fund was established. Furthermore, no additional funds are allocated for this purpose in the Capital Improvement Program beyond fiscal 2009, although the project is not nearing completion. A report of this nature would provide the budget committees with detailed information on the status of these funds and progress on the initiative.

**Committee Narrative**

**University and Affiliated Research Park Performance Data:** The State has invested over \$30.6 million in university-affiliated research parks, which bring together businesses and faculty to enhance lines of research and commercialize technology.

In order to measure the return on the State's investments and evaluate overall progress toward technology commercialization, the committees request that the Maryland Technology Development Corporation (TEDCO) report annually on performance at the State's primary public research institutions as well as the research parks affiliated with them. The following institutions should report data to TEDCO: the University of Maryland, College Park (including its research park); the University of Maryland, Baltimore (including its research park); the University of Maryland Baltimore County (including its research park); the University of Maryland Biotechnology Institute; and the University of Maryland Center for Environmental Science. Currently, neither Managing for Results nor Maryland Higher Education Commission peer data include consistent technology commercialization performance measures among these institutions.

The measure should include invention disclosures, cumulative active licenses and options, and adjusted license income received, among others. This type of information already is collected by most higher education research institutions and reported to the Association of University Technology Managers. Measures of affiliated business incubator performance should also be included. The University System of Maryland (USM) and TEDCO should work collaboratively to develop appropriate measures.

Further provided, if DSP encounters difficulty in obtaining the necessary crime data on a timely basis from local jurisdictions who provide this data for inclusion in the UCR, the department may withhold a portion, totaling no more than 50 percent, of that jurisdiction's State Aid for Police Protection grant for fiscal 2009 until such time that the jurisdiction submits its crime data.

**Explanation:** This annual language was originally added because DSP had not been submitting its annual crime report in a timely manner. As such, this language withholds a portion of the department's general fund appropriation until the budget committees receive the 2007 Uniform Crime Report.

## X Public Debt

### Committee Narrative

**Efficient Debt Management:** The Capital Debt Affordability Committee (CDAC) is charged with recommending affordable debt limits. To guide the process, the committee developed affordability criteria in 1978. Since they were developed, the State's financial condition and needs have changed. Given the changes over the last 30 years, it is time that CDAC reevaluate the affordability criteria to determine how well they meet the State's needs and determine if they can be better adopted to the current financial condition and needs. The General Assembly is especially concerned that State debt be managed as efficiently as possible. The State has maintained its AAA bond rating from all three major rating agencies since each began rating State debt. It is the intent of the General Assembly that the State maintains its AAA bond rating. As such, policies developed by the committee should be consistent with the goal that debt be managed as efficiently as possible.

**Y01A02.01 Dedicated Purpose Account**

Reduce appropriation for the purposes indicated:

	<u>Funds</u>	<u>Positions</u>
1. Reduce funding for the InterCounty Connector (ICC). Due to uncertainty in the economy, it is prudent to have a larger general fund balance. This reduction is made in conjunction with amendments in separate legislation to modify the general fund repayments to provide \$53 million per year through fiscal 2012, and to provide the Maryland Transportation Authority with additional flexibility to use cash or short-term debt options.	32,000,000	GF

**Executive Department**  
**Maryland Energy Administration**

**Fiscal 2008 Deficiency**

**D13A13.01 General Administration**

Add the following language to the special fund appropriation:

, provided that no funds may be spent unless the Department of Budget and Management determines that such expenditures do not duplicate any function or activity of another State agency. In addition, the Maryland Energy Administration shall submit a report to the budget committees by August 1, 2008, on how the \$1,000,000 special fund deficiency appropriation is spent. The report shall include the following: the title and description of programs funded, the amount spent for each program, the individual recipients of funding within each program and the amount each recipient receives, the amount of energy reduction achieved by each recipient of funding, and the energy costs avoided by each recipient as a result of the funding.

**Explanation:** The budget committees are concerned that a list of projects intended to be funded with the fiscal 2008 deficiency appropriation appear to duplicate the activities and functions of other State agencies. Therefore, the budget bill language prohibits the spending of the deficiency appropriation unless the Department of Budget and Management determines that the expenditures do not duplicate any function or activity of another State agency. The budget bill language also requires the submission of a report from the Maryland Energy Administration (MEA) on how the deficiency is spent, including the title and description of programs funded, the amount spent for each program, the individual recipients of funding within each program and the amount each recipient receives, the amount of energy reduction achieved by each recipient of funding, and the energy costs avoided by each recipient as a result of the funding.

### D13A13.02 Community Energy Loan Program – Capital Appropriation

**Report on Relationship with Reinvestment Fund:** The Community Energy Loan Program (CELP) has heretofore provided loans directly to nonprofit organizations for energy efficiency projects. The proposed involvement of the Reinvestment Fund in a partnership with CELP appears to be a break from this pattern of practice and requires further scrutiny. Therefore, the Maryland Energy Administration should report to the committees on the nature of the projects to be supported and of the relationship between the Community Energy Loan Program and the Reinvestment Fund.

**Community Services Administration**

**Fiscal 2008 Deficiency**

**COMMUNITY SERVICES ADMINISTRATION**

**N00C01.12 Office of Home Energy Programs**

Add the following language to the general fund deficiency appropriation:

, provided that \$4,943,000 of this appropriation for the Electric Universal Services Program may not be expended until the Department of Human Resources has exhausted all special funds available to the Universal Services Benefit Program, State Special Benefits Program, including the moneys appropriated to the Dedicated Purpose Account in the State Reserve Fund available for low-income energy assistance in fiscal 2008.

**Explanation:** The fiscal 2008 general fund deficiency appropriation provides supplemental funding for the Department of Human Resources (DHR) Office of Home Energy Programs to be used for the Electric Universal Services Program in the amount of \$4.9 million. The Department of Budget and Management indicates that in addition to the \$16.5 million that appears in the DHR working appropriation from the Dedicated Purpose Account (DPA), an additional \$4.1 million exists within the DPA. DHR should use all funding available to this program, provided through ratepayer funding and the DPA in the State Reserve Fund, for low-income energy assistance before general funds become available. This language restricts access to the general fund deficiency appropriation until these funding sources have been exhausted.

Amendment No. **190**<sup>00</sup>

Add the following language to the general fund deficiency appropriation:

Further provided that \$4,943,000 of this appropriation for the Electric Universal Services Program may be used only for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose. Funds unexpended at the end of the fiscal year shall revert to the general fund.

**Explanation:** This language restricts the deficiency appropriation for the Electric Universal Services Program (EUSP) to be used only for that purpose. The language also requires that any remaining funds unexpended at the end of fiscal 2008 be reverted to the general fund. The funding available for EUSP through ratepayer funding has been inadequate in recent years to meet the needs of households. As a result, additional funding has been available for low income energy assistance, through the Dedicated Purpose Account in fiscal 2008. This deficiency appropriation makes available general funds for this purpose. All funding available for the purpose of helping to meet the energy assistance demand should be used for this purpose to ensure that all households who qualify and apply receive a benefit. If EUSP does not meet the level of service which would require this additional funding the money should revert to the general fund at the end of the fiscal year.

**R75T00.01 Support for State Operated Institutions of Higher Education**

**Explanation:** This language restricts use of Baltimore City Community College's deficiency appropriation only to the purchase of property.

## Budget Amendments

Add the following section:

### Section 17 Using Funds For Their Intended Purpose

SECTION 17. AND BE IT FURTHER ENACTED, That funds appropriated to the various Executive State agency programs and subprograms in Comptroller Objects 0152 (Health Insurance), 0154 (Retirees Health Insurance Premiums), 0157 (Other Post Employment Benefits), 0175 (Workers' Compensation), 0217 (Health Insurance – Maryland Department of Transportation only), 0305 (DBM Paid Telecommunications) and 0322 (Capital Lease Telecommunications) are to be utilized for their intended purposes only. The expenditure or transfer of these funds for other purposes requires the prior approval of the Secretary of Budget and Management. Notwithstanding any other provision of law, the Secretary of Budget and Management may transfer amounts appropriated in Comptroller Objects 0152, 0154, 0305, and 0322 between State departments and agencies by approved budget amendment in fiscal year 2008 and fiscal year 2009. All funds budgeted in or transferred to Comptroller Objects 0152 and 0154, and any funds restricted in this budget for use in the employee and retiree health insurance program that are unspent shall be credited to the fund as established in accordance with Section 2–516 of the State Personnel and Pensions Article of the Annotated Code of Maryland. Any funds restricted in this budget to be utilized for other post ~~retirement~~ employment benefits (Comptroller Object 0157) that are unspent shall be credited to the Postretirement Health Benefits Trust Fund as established in accordance with Sections 34-101 of the State Personnel and Pensions Article of the Annotated Code of Maryland.

Further provided that each agency that receives funding in this budget in any of the restricted Comptroller Objects herein listed within this section shall establish within the State's accounting system a structure of accounts to separately identify for each restricted Comptroller Object by fund source, the legislative appropriation, monthly transactions, and final expenditures. It is the intent of the General Assembly that an accounting detail be established so that the Office of Legislative Audits may review the disposition of funds appropriated for each restricted Comptroller Object as part of each closeout audit to ensure that funds are used only for the purposes for which they are restricted and that unspent funds are reverted or canceled.

**Explanation:** This amendment makes it possible for the Office of Legislative Audits to track the disposition of funds in statewide subobjects 0152, 0154, 0157, 0175, 0217, 0305, and 0322. It also clarifies which statewide subobjects can be transferred by the Secretary of the Department of Budget and Management.

Amendment No. 194

Add the following section:

### **Section 18 Across-the-board Reductions and Higher Education**

SECTION 18. AND BE IT FURTHER ENACTED, That all across-the-board reductions applied to the Executive Branch, unless otherwise stated, shall apply to current unrestricted and general funds in the University System of Maryland, St. Mary's College of Maryland, Morgan State University, and Baltimore City Community College.

**Explanation:** This section explicitly applies reductions intended for the full Executive Branch to the University System of Maryland, St. Mary's College of Maryland, Morgan State University, and Baltimore City Community College, unless their exclusion is specifically stated.

Amendment No. 195

Add the following section:

### **Section 19 Injured Workers' Insurance Fund Accounts**

SECTION 19. AND BE IT FURTHER ENACTED, That the Comptroller of the Treasury's General Accounting Division shall establish a subsidiary ledger control account to debit all State agency funds budgeted under subobject 0175 (workers' compensation coverage) and to credit all payments disbursed to the Injured Workers' Insurance Fund (IWIF) via transmittal. The control account shall also record all funds withdrawn from IWIF and returned to the State and subsequently transferred to the general fund. IWIF shall submit monthly reports to the Department of Legislative Services concerning the status of the account.

**Explanation:** This section provides continuation of a system to track workers' compensation payments to IWIF for payment of claims, current expenses, and funded liability for incurred losses by the State.

## **Section 20 Reporting Federal Funds**

SECTION 20. AND BE IT FURTHER ENACTED, That the Governor's budget books shall include a summary statement of federal revenues by major federal program sources supporting the federal appropriations made therein along with the major assumptions underpinning the federal fund estimates. The Department of Budget and Management (DBM) shall exercise due diligence in reporting this data and ensure that they are updated as appropriate to reflect ongoing congressional action on the federal budget. In addition, DBM shall provide to the Department of Legislative Services (DLS) data for the actual, current, and budget years listing the components of each federal fund appropriation by Catalog of Federal Domestic Assistance number or equivalent detail for programs not in the catalog. Data shall be provided in an electronic format subject to the concurrence of DLS.

**Explanation:** This annual language provides for consistent reporting of federal monies received by the State.

Add the following section:

## **Section 21 PAYGO Capital Appropriations**

SECTION 21. AND BE IT FURTHER ENACTED, That for fiscal 2010, capital funds shall be budgeted in separate eight-digit programs. When multiple projects and/or programs are budgeted within the same non-transportation eight-digit program, each distinct program and project shall be budgeted in a distinct subprogram. To the extent possible, subprograms for projects spanning multiple years shall be retained to preserve funding history. Furthermore, the budget detail for fiscal 2008 and 2009 submitted with the fiscal 2010 budget shall be organized in the same fashion to allow comparison between years.

**Explanation:** This annual language requires that capital funds be budgeted in separate eight-digit programs to aid in the identification of individual capital projects.

Amendment No. 198

Add the following section:

## **Section 22 Federal Fund Spending**

SECTION 22. AND BE IT FURTHER ENACTED, That in the expenditure of federal funds appropriated in this budget or subsequent to the enactment of this budget by the budget amendment process:

- (1) State agencies shall administer these federal funds in a manner that recognizes that federal funds are taxpayer dollars that require prudent fiscal management, careful application to the purposes for which they are directed, and strict attention to budgetary and accounting procedures established for the administration of all public funds.
- (2) For fiscal 2009, except with respect to capital appropriations, to the extent consistent with federal requirements:
  - (a) when expenditures or encumbrances may be charged to either State or federal fund sources, federal funds shall be charged before State funds are charged; this policy does not apply to the Department of Human Resources with respect to federal funds to be carried forward into future years for child welfare or welfare reform activities, or to the Department of Health and Mental Hygiene with respect to funds to be carried forward into future years for the purpose of reducing the waiting list for community services for individuals with developmental disabilities or with respect to funds to be carried forward into future years for HIV/AIDS-related activities, or to the Maryland State Department of Education with respect to funds to be carried forward into future years for child care;
  - (b) when additional federal funds are sought or otherwise become available in the course of the fiscal year, agencies shall consider, in consultation with the Department of Budget and Management, whether opportunities exist to use these federal revenues to support existing operations rather than to expand programs or establish new ones; and
  - (c) the Department of Budget and Management shall take appropriate actions to effectively establish these as policies of the State with respect to administration of federal funds by executive agencies.

**Explanation:** This annual language defines the policies under which federal funds shall be used in the State budget.

Amendment No. 199

Add the following section:

### **Section 23 Indirect Costs Report**

SECTION 23. AND BE IT FURTHER ENACTED, That the Department of Budget and Management (DBM) shall provide an annual report on indirect costs to the General Assembly in January 2009 as an appendix in the Governor's fiscal 2010 budget books. The report shall detail by agency for the actual fiscal 2008 budget the amount of statewide indirect cost recovery received, the amount of statewide indirect cost recovery transferred to the general fund, and the amount of indirect cost recovery retained for use by each agency. In addition, it shall list the most recently available federally approved statewide and internal agency cost recovery rates. As part of the normal fiscal/compliance audit performed for each agency once every three years, the Office of Legislative Audits shall assess available information on the timeliness, completeness, and deposit history of indirect cost recoveries by State agencies. Further provided that for fiscal 2009, excluding the Maryland Department of Transportation, the amount of revenue received by each agency from any federal source for statewide cost recovery may only be transferred to the general fund and may not be retained in any clearing account or by any other means, nor may DBM or any other agency or entity approve exemptions to permit any agency to retain any portion of federal statewide cost recoveries.

**Explanation:** This is annual language that requires a report on indirect costs and disallows waivers of statewide cost recovery, requiring that recovered funds may only be transferred to the general fund.

Add the following section:

### **Section 24 Executive Long-term Forecast**

SECTION 24. AND BE IT FURTHER ENACTED, That the Governor's budget books shall include a forecast of the impact of the executive budget proposal on the long-term fiscal condition of general fund, Transportation Trust Fund, and higher education current unrestricted fund accounts. This forecast shall estimate aggregate revenues, expenditures and fund balances in each account for the fiscal year last completed, the current year, the budget year, and four years thereafter. Expenditures shall be reported at such agency, program or unit levels or categories as may be determined appropriate after consultation with the Department of

Legislative Services. A statement of major assumptions underlying the forecast shall also be provided, including but not limited to general salary increases, inflation, and growth of caseloads in significant program areas.

**Explanation:** This annual language provides for the delivery of the Executive's general fund forecast and defines the conditions under which it is to be provided.

Add the following section:

## **Section 25 Reporting on Budget Data and Organizational Charts**

SECTION 25. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that all State departments, agencies, bureaus, commissions, boards, and other organizational units included in the State budget, including the Judiciary, shall prepare and submit items for the fiscal 2010 budget detailed by Comptroller subobject classification in accordance with instructions promulgated by the Comptroller of the Treasury. The presentation of budget data in the State budget books shall include object, fund, and personnel data in the manner provided for in fiscal 2009 except as indicated elsewhere in this Act; however, this shall not preclude the placement of additional information into the budget books. For actual fiscal 2008 spending, the fiscal 2009 working appropriation, and the fiscal 2010 allowance, the budget detail shall be available from the Department of Budget and Management's (DBM) automated data system at the subobject level by subobject codes and classifications for all agencies. To the extent possible, except for public higher education institutions, subobject expenditures shall be designated by fund for actual fiscal 2008 spending, the fiscal 2009 working appropriation, and the fiscal 2010 allowance. The agencies shall exercise due diligence in reporting these data and ensuring correspondence between reported position and expenditure data for the actual, current, and budget fiscal years. These data shall be made available upon request and in a format subject to the concurrence of the Department of Legislative Services (DLS). Further, the expenditure of appropriations shall be reported and accounted for by the subobject classification in accordance with the instructions promulgated by the Comptroller of the Treasury.

Further provided that due diligence shall be taken to accurately report full-time equivalent position counts of contractual positions in the budget books. For the purpose of this count, contractual positions are defined as those individuals having an employee-employer relationship with the State. This count shall include those individuals in higher education institutions who meet this definition but are paid with additional assistance funds.

Further provided that DBM shall provide to DLS with the allowance for each department, unit, agency, office, and institution a one-page organizational chart in Microsoft Word or Adobe PDF format that depicts the allocation of personnel across operational and administrative activities of the entity.

**Explanation:** This annual language provides for consistent reporting of fiscal 2008, 2009, and 2010 budget data, and provides for the submission of department, unit, agency, office, and institutions' organizational charts to the Department of Legislative Services with the allowance.

Amendment No. 202

Add the following section:

## **Section 26 Maintenance of Accounting Systems**

SECTION 26. AND BE IT FURTHER ENACTED, That:

- (1) The Secretary of Health and Mental Hygiene shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2008 in program M00Q01.03 Medical Care Provider Reimbursements have been disbursed for services provided in that fiscal year and shall prepare and submit the periodic reports required under this section for that program.
- (2) The State Superintendent of Schools shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2008 to program R00A02.07 Students With Disabilities for Non-Public Placements have been disbursed for services provided in that fiscal year and to prepare periodic reports as required under this section for that program.
- (3) The Secretary of Human Resources shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2008 in program N00G00.01 Foster Care Maintenance Payments have been disbursed for services provided in that fiscal year and to prepare the periodic reports required under this section for that program.
- (4) For the programs specified, reports shall indicate total appropriations for fiscal 2008 and total disbursements for services provided during that fiscal year up through the last day of the second month preceding the date on which the report is to be submitted and a comparison to data applicable to those periods in the preceding fiscal year.
- (5) Reports shall be submitted to the budget committees, the Department of Legislative Services, the Department of Budget and Management, and the Comptroller on November 1, 2008, March 1, 2009, and June 1, 2009.

- (6) It is the intent of the General Assembly that general funds appropriated for fiscal 2008 to the programs specified that have not been disbursed within a reasonable period, not to exceed 12 months from the end of the fiscal year, shall revert.

**Explanation:** This annual language requires the maintenance of accounting systems for certain programs, states the intent of the General Assembly that general funds not disbursed be reverted, and requires reporting of disbursements by the Department of Health and Mental Hygiene (DHMH), the Maryland State Department of Education (MSDE), and the Department of Human Resources (DHR).

Amendment No. 203

Add the following section:

## **Section 27 Interagency Agreements**

SECTION 27. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that on or before August 1, 2008, each State agency and each public institution of higher education shall report to the Department of Budget and Management (DBM) any agreements in place for any part of fiscal 2008 between State agencies and any public institution of higher education involving potential expenditures in excess of \$100,000 over the term of the agreement. Further provided that DBM shall provide direction and guidance to all State agencies and public institutions of higher education as to the procedures and specific elements of data to be reported with respect to these interagency agreements, to include at a minimum:

- (1) a common code for each interagency agreement that specifically identifies each agreement and the fiscal year in which the agreement began;
- (2) the starting date for each agreement;
- (3) the ending date for each agreement;
- (4) a total potential expenditure, or not-to-exceed dollar amount, for the services to be rendered over the term of the agreement by any public institution of higher education to any State agency;
- (5) a description of the nature of the goods and services to be provided;

- (6) the total number of personnel, both full-time and part-time, associated with the agreement; and
- (7) contact information for the agency and the public institution of higher education for the person(s) having direct oversight or knowledge of the agreement.

Further provided that DBM shall submit a consolidated report to the budget committees and the Department of Legislative Services by December 1, 2008, that contains information on all agreements between State agencies and any public institution of higher education involving potential expenditures in excess of \$100,000, that were in effect at any time during fiscal 2008.

**Explanation:** The language requires all State agencies and public institutions of higher education to report on all interagency agreements between State agencies and public institutions of higher education having a total potential expenditure over the term of the agreement in excess of \$100,000. This applies only to agreements for the purchase of goods and/or services and does not apply to grants or space agreements between State agencies and public institutions of higher education. Further, it requires that the Department of Budget and Management (DBM) submit a consolidated report on all agreements by December 1, 2008, to the budget committees and the Department of Legislative Services.

Amendment No. 204<sup>30</sup>

Add the following section:

**Section 28 Budget Amendments**

SECTION 28. AND BE IT FURTHER ENACTED, That any budget amendment to increase the total amount of special, federal, or higher education (current restricted and current unrestricted) fund appropriations, or to make reimbursable fund transfers from the Governor’s Office of Crime Control and Prevention or the Maryland Emergency Management Agency, made in Section 1 of this Act shall be subject to the following restrictions:

- (1) This section shall not apply to budget amendments for the sole purpose of:
  - (a) appropriating funds available as a result of the award of federal disaster assistance;
  - (b) transferring funds from the State Reserve Fund – Economic Development Opportunities Fund for projects approved by the Legislative Policy Committee; and

- (c) appropriating funds for Major Information Technology Development Project Fund projects approved by the budget committees.
- (2) Budget amendments increasing total appropriations in any fund account by \$100,000 or more may not be approved by the Governor until (i) that amendment has been submitted to the Department of Legislative Services (DLS) and (ii) the budget committees or the Legislative Policy Committee have considered the amendment or 45 days have elapsed from the date of submission of the amendment. Each amendment submitted to DLS shall include a statement of the amount, sources of funds and purposes of the amendment, and a summary of impact on budgeted or contractual position and payroll requirements.
- (3) Unless permitted by the budget bill or the accompanying supporting documentation or by other authorizing legislation, and notwithstanding the provisions of Section 3-216 of the Transportation Article, a budget amendment may not:
  - (a) restore funds for items or purposes specifically denied by the General Assembly;
  - (b) fund a capital project not authorized by the General Assembly provided, however, that subject to provisions of the Transportation Article, projects of the Maryland Department of Transportation shall be restricted as provided in Section 1 of this Act;
  - (c) increase the scope of a capital project by an amount 7.5 percent or more over the approved estimate or 5 percent or more over the net square footage of the approved project until the amendment has been submitted to DLS and the budget committees have considered and offered comment to the Governor or 45 days have elapsed from the date of submission of the amendment. This provision does not apply to the Maryland Department of Transportation; and
  - (d) provide for the additional appropriation of special, federal, or higher education funds of more than \$100,000 for the reclassification of a position or positions.
- (4) A budget may not be amended to increase a federal fund appropriation by \$100,000 or more unless documentation evidencing the increase in funds is provided with the amendment and fund availability is certified by the Secretary of Budget and Management.
- (5) No expenditure or contractual obligation of funds authorized by a proposed budget amendment may be made prior to approval of that amendment by the Governor.
- (6) Notwithstanding the provisions of this section, any federal, special, or higher education fund appropriation may be increased by budget amendment upon a declaration by the Board of Public Works that the amendment is essential to maintaining public safety, health, or welfare, including protecting the environment or the economic welfare of the State.

- (7) Further provided that the fiscal 2009 appropriation detail as shown in the Governor's budget books submitted to the General Assembly in January 2009 and the supporting electronic detail shall not include appropriations for budget amendments that have not been signed by the Governor, exclusive of the Maryland Department of Transportation PAYGO capital program.
- (8) Further provided that it is the policy of the State to recognize and appropriate additional special, higher education, and federal revenues in the budget bill as approved by the General Assembly. Further provided that for the fiscal 2010 allowance the Department of Budget and Management shall continue policies and procedures to minimize reliance on budget amendments for appropriations that could be included in a deficiency appropriation.

**Explanation:** This revised annual language defines the process under which budget amendments may be used.

Amendment No. 205<sup>205</sup>

Add the following section:

### **Section 29 Secretary's or Acting Secretary's Nomination and Salary**

SECTION 29. AND BE IT FURTHER ENACTED, That no funds in this budget may be expended to pay the salary of a Secretary or Acting Secretary of any department whose nomination as Secretary has been rejected by the Senate or an Acting Secretary who was serving in that capacity prior to the 2008 session whose nomination for the Secretary position was not put forward and approved by the Senate during the 2008 session.

**Explanation:** This language ensures that the intentions of the Senate are reflected in the payment of executive salaries.

Amendment No. 206<sup>206</sup>

Add the following section:

### **Section 30 The “Rule of 50”**

SECTION 30. AND BE IT FURTHER ENACTED, That the Board of Public Works (BPW), in exercising its authority to create additional positions pursuant to Section 7-236 of the State Finance and Procurement Article, may authorize during the fiscal year no more than 50 positions in excess of the total number of authorized State positions on July 1, 2008, as determined by the Secretary of Budget and Management. Provided, however, that if the imposition of this ceiling causes undue hardship in any department, agency, board, or commission, additional positions may be created for that affected unit to the extent that positions authorized by the General Assembly for the fiscal year are abolished in that unit or in other units of State government. It is further provided that the limit of 50 does not apply to any position that may be created in conformance with specific manpower statutes that may be enacted by the State or federal government nor to any positions created to implement block grant actions or to implement a program reflecting fundamental changes in federal/State relationships. It is further provided that the limit of 50 also does not apply to the creation of caseload carrying child welfare positions within the Department of Human Resources (DHR). Notwithstanding anything contained in this section, BPW may authorize additional positions to meet public emergencies resulting from an act of God and violent acts of men, which are necessary to protect the health and safety of the people of Maryland.

BPW may authorize the creation of additional positions within the Executive Branch provided that 1.25 full-time equivalent contractual positions are abolished for each regular position authorized and that there be no increase in agency funds in the current budget and the next two subsequent budgets as the result of this action. It is the intent of the General Assembly that priority is given to converting individuals that have been in a contractual position for at least two years. Any position created by this method shall not be counted within the limitation of 50 under this section.

In addition to any positions created within the limitation of 50 under this section, BPW may authorize the creation of no more than 150 positions within DHR to provide services purchased by Local Management Boards through contracts with local departments of social services. If a Local Management Board terminates a contract with a local department of social services during the fiscal year, all the positions created by the BPW to provide services under the terms of that contract shall be abolished.

In addition to any positions created within the limitation of 50 under this section, BPW may authorize the creation of positions within DHR to provide services funded by grants from sources other than Local Management Boards. If any grant entity terminates a grant award with a local department of social services or other unit during the fiscal year, all positions created by BPW to provide services under the terms of the grant award shall be abolished. The employee contracts for these positions shall explicitly state that the positions are abolished at the termination of the grant award. General funds or any other State funds shall not be used to pay any of the salaries or benefits for these positions. Furthermore, DHR must provide a summary to the budget committees by December 1 of each year on the number of positions created under this section.

The numerical limitation on the creation of positions by BPW established in this section shall not apply to positions entirely supported by funds from federal or other non-State sources so long as both the appointing authority for the position and the Secretary of Budget and Management certify for each position created under this exception that:

- (1) funds are available from non-State sources for each position established under this exception; and
- (2) any positions created will be abolished in the event that non-State funds are no longer available.

The Secretary of Budget and Management shall certify and report to the General Assembly by June 30, 2009, the status of positions created with non-State funding sources during fiscal 2005, 2006, 2007, 2008, and 2009 under this provision as remaining authorized or abolished due to the discontinuation of funds.

**Explanation:** This annual language, the “Rule of 50,” limits the number of positions that may be added after the beginning of the fiscal year to 50 and provides for exceptions to the limit.

Amendment No. 207

Add the following section:

### **Section 31 Position Reporting Requirement**

SECTION 31. AND BE IT FURTHER ENACTED, That immediately following the close of fiscal 2008, the Secretary of Budget and Management shall determine the total number of full-time equivalent (FTE) positions that are authorized as of the last day of fiscal 2008 and on the first day of fiscal 2009. Authorized positions shall include all positions authorized by the General Assembly in the personnel detail of the budgets for fiscal 2008 and 2009 including nonbudgetary programs, the Maryland Transportation Authority, the University System of Maryland self-supported activities, and the Maryland Correctional Enterprises.

The Department of Budget and Management shall also prepare during fiscal 2009 a report for the budget committees upon creation of regular FTE positions through Board of Public Works action and upon transfer or abolition of positions. This report shall also be provided as an appendix in the fiscal 2010 Governor's budget books. It shall note, at the program level:

- (1) where regular FTE positions have been abolished;
- (2) where regular FTE positions have been created;
- (3) from where and to where regular FTE positions have been transferred; and
- (4) where any other adjustments have been made.

Provision of contractual FTE position information in the same fashion as reported in the appendices of the fiscal 2009 Governor's budget books shall also be provided.

**Explanation:** This is annual language providing reporting requirements for regular and contractual State positions.

Amendment No. 208

Add the following section:

### **Section 32 Executive Pay Plan Salaries**

SECTION 32. AND BE IT FURTHER ENACTED, That the Department of Budget and Management and the Maryland Department of Transportation are required to submit to the Department of Legislative Services (DLS) Office of Policy Analysis:

- (1) a report listing the grade, salary, title, and incumbent of each position in the Executive Pay Plan (EPP) as of July 1, 2008, October 1, 2008, January 1, 2009, and April 1, 2009; and
- (2) detail on any lump-sum increases given to employees paid on the EPP subsequent to the previous quarterly report.

Flat rate employees on the EPP shall be included in these reports. Each position in the report shall be assigned a unique identifier, which describes the program to which the position is assigned for budget purposes and corresponds to the manner of identification of positions within the budget data provided annually to DLS Office of Policy Analysis.

**Explanation:** Legislation adopted during the 2000 session altered the structure of the EPP to give the Governor flexibility to compensate executives at appropriate levels within broad salary bands established for their positions, without reference to a rigid schedule of steps, and through other compensation methods such as a flat rate salary. These reports fulfill a requirement for documentation of any specific recruitment, retention, or other issues that warrant a pay increase.

Amendment No. **209**

Add the following section:

### **Section 33 Positions Abolished in the Budget**

SECTION 33. AND BE IT FURTHER ENACTED, That no position identification number assigned to a position abolished in this budget may be reassigned to a job or function different from that to which it was assigned when the budget was submitted to the General Assembly. Incumbents in positions abolished may continue State employment in another position.

**Explanation:** This language prevents employees from being moved into positions abolished in the budget. It also allows that incumbents in abolished positions may continue State employment in another position.

Amendment No. **210**

Add the following section:

### **Section 34 Accounting of Health Plan Receipts and Spending**

SECTION 34. AND BE IT FURTHER ENACTED, That the Secretary of Budget and Management shall include as an appendix in the fiscal 2010 Governor's budget books an accounting of the fiscal 2008 actual, fiscal 2009 working appropriation, and fiscal 2010 estimated revenues and expenditures associated with the employees' and retirees' health plans. This accounting shall include:

- (1) any health plan receipts received from State agencies, employees, and retirees, as well as prescription rebates or recoveries, or audit and other miscellaneous recoveries;
- (2) any premium, capitated, or claims expenditures paid on behalf of State employees and retirees for any health, mental health, dental, or prescription plan, as well as any administrative costs not covered by these plans; and
- (3) any balance remaining and held in reserve for future provider payments.

**Explanation:** This language provides an accounting of the health plan revenues received and expenditures made on behalf of State employees and retirees.

Add the following section:

### **Section 35 Other Post Employment Benefit Expenditures**

SECTION 35. AND BE IT FURTHER ENACTED, That the Department of Budget and Management shall create a statewide subobject to provide for budgeting in all fund accounts in individual agency budgets for Other Post Employment Benefits expenditures.

**Explanation:** This section provides for the establishment of a subobject to capture Other Post Employment Benefits expenditures.

Amendment No. 212

Add the following section:

### **Section 36 Maryland Aviation Administration Agreement**

SECTION 36. AND BE IT FURTHER ENACTED, That any agreement made through any State agency, including all promotional contracts offering money to airlines for joint marketing services, contracts that waive certain airport fees, and agreements guaranteeing an airline's profit or return on sales, that involves the payment of funds to an airline that results in a reduction in revenue to the State from any fees, rent charges, or other types of revenue charged to an airline:

- (1) may not be approved or go into effect unless the agreement is approved by the Board of Public Works, except if the Maryland Aviation Administration or the Maryland Department of Transportation is using a standard agreement previously approved by the Board of Public Works; and
- (2) must be included in the Maryland Aviation Commission's annual report submitted to the General Assembly in accordance with Section 5-201.2 of the Transportation Article. The report shall include the total number of agreements reached during the previous fiscal year, the total number of airlines involved in the agreements, and the total dollar amount for that fiscal year relating to those agreements. These summary reports shall be provided separately for agreements relating to fee waivers, joint marketing services, and agreements that guarantee an airline's profit or return on sales.

Further provided that all agreements guaranteeing an airline's profit or return on sales may not be entered into unless the executive director of the Maryland Aviation Administration or the Secretary of the Maryland Department of Transportation advises the chair of the Senate Budget and Taxation Committee, the chair of the Public Safety, Transportation, and Environment Subcommittee, the chair of the House Committee on Appropriations, the chair of the Transportation and Environment Subcommittee, and the Department of Legislative Services of the proposed agreement.

**Explanation:** A 2006 audit of the Maryland Aviation Administration (MAA) found that an agreement was entered into on MAA's behalf that guaranteed a certain level of profit to an airline. Unbeknownst to the General Assembly, this agreement was a potential liability of the Transportation Trust Fund of up to \$5.5 million annually. This language requires that any agreements for joint marketing services, the waiver of certain airport fees, and agreements guaranteeing an airline's profit or return on sales must be approved by the Board of Public Works (if not using the standard agreement form) and a summary of all such reports must be included in the Maryland Aviation Commission's (MAC) annual report. Additionally, for all agreements guaranteeing an airline's profit or return on sales, the executive director of MAA or the Secretary of the Maryland Department of Transportation must meet with the appropriate budget committees' and subcommittees' chairmen and the Department of Legislative Services.

Amendment No. **213**

Add the following section:

**Section 37 Maryland Children's Electronic Social Services Information Exchange Reporting Requirements**

SECTION 37. AND BE IT FURTHER ENACTED, That \$2,000,000 of federal funds in the Department of Human Resources (DHR), Office of Technology for Human Resources and \$2,000,000 of special funds in the Major Information Technology Development Fund for Maryland Children's Electronic Social Services Information Exchange (MD CHESSIE) modifications and enhancements in this budget may not be expended until DHR submits a report to the budget committees detailing the modifications and enhancements supported by these funds. In developing the report, DHR should seek input from the MD CHESSIE workgroup and local department representatives.

The report shall include:

- (1) how the identified modifications and enhancements will improve performance;
- (2) the prioritization of the identified modifications and enhancements;

- (3) the timeline for completion of each identified modification and enhancement; and
- (4) how funding will be reallocated if an identified modification and enhancement is later reprioritized or determined to be unnecessary.

The budget committees shall have 45 days from the receipt of the report to review and comment.

**Explanation:** The fiscal 2009 allowance provides additional funds for MD CHESSIE modifications and enhancements. While several modifications and enhancements are identified for this funding, these modifications are still under review. As a result, no timeline for these modifications and enhancements is known. Before funding becomes available, information on how the identified modifications and enhancements will improve performance, priority, and timeline for completion should be provided.

Amendment No. **214**

Add the following section:

**Section 38 Reduce Funding for RICA-Southern Maryland**

SECTION 38. AND BE IT FURTHER ENACTED, That 72.5 full-time equivalent regular positions, \$5,500,000 in general funds, \$2,500 in special funds, and \$41,208 in federal funds shall be reduced from the budget for the Regional Institute for Children and Adolescents (RICA)-Southern Maryland (M00L14.01). Remaining funds may only be used to serve children and adolescents at other residential treatment centers or community-based services.

**Explanation:** The language deletes all of the positions and reduces most of the funding provided in the fiscal 2009 allowance to operate RICA-Southern Maryland. Some funding is provided to serve children and adolescents that might otherwise have been placed at RICA-Southern Maryland in alternative residential or community-based settings. General fund savings will be slightly offset by loss of hospital patient recoveries (just over \$1.3 million in fiscal 2007).

Amendment No. **215**

Add the following section:

**Section 39 Delete Maryland Emergency Medical Systems Operation Funds for Capital Equipment Grant**

SECTION 39. AND BE IT FURTHER ENACTED, That \$3,500,000 in special funds is deleted from R55Q00 – Aid to University of Maryland Medical Systems for the purposes of the R Adams Cowley Shock Trauma Center Capital Equipment grant. Further provided that it is the intent of the General Assembly that the \$3,500,000 in deleted special funds from R55Q00 be replaced with \$3,500,000 in general obligation bond funds from the Maryland Consolidated Capital Bond Loan of 2008.

Further provided that it is the intent of the General Assembly that the Department of Budget and Management consider including a grant from the Maryland Emergency Medical Systems Operations Fund to the R Adams Cowley Shock Trauma Center for capital equipment replacement purposes beginning in fiscal 2012.

**Explanation:** In order to prolong the viability of the Maryland Emergency Medical Operations Fund, funding for Shock Trauma capital needs for fiscal 2009, 2010, and 2011 should be deleted. Instead, general obligation bond funding should be increased for the current Shock Trauma capital project included in the Capital Improvement Program. This language also expresses the intent of the General Assembly that the \$3.5 million deleted from the Maryland Emergency Medical Operations Fund to fund Shock Trauma capital needs for fiscal 2009 be replaced with general obligation bond funds in the 2008 session capital budget. Finally this language also expresses the intent of the General Assembly that the Department of Budget and Management consider providing a grant from the Maryland Emergency Medical Operations Fund to fund capital equipment replacement for Shock Trauma beginning in fiscal 2012.

Amendment No. 216<sup>27</sup>

Add the following section:

**Section 40 National Sailing Hall of Fame Restriction**

SECTION 40. AND BE IT FURTHER ENACTED, That no funds in this budget may be used to rent, lease, or purchase property from the National Sailing Hall of Fame (NSHOF) or to rent, lease, or sell property to the NSHOF until a report is submitted to the budget committees providing the following information: a full accounting of past, current, and potential costs to the State; certification in the form of a letter from the Annapolis Planning Commission, and the City of Annapolis Historic Preservation Commission expressing their support for the project; and a description of other entities that expressed interest in the Department of Natural Resources' land during the State property clearinghouse process. The budget committees shall have 45 days to review and comment upon receipt of the report.

**Explanation:** This language prohibits the Department of Natural Resources (DNR) (1) from renting, leasing, or purchasing property from; and (2) from renting, leasing, or selling property to the NSHOF until a report is submitted to the budget committees. The report should include the following information: a full accounting of the costs to the State; certification in the form of a letter that the Annapolis Planning Commission, and the City of Annapolis Historic Preservation Commission are supportive of the project; and a description of other entities that expressed interest in the DNR land during the State property clearinghouse process. The language provides the budget committees with 45 days to review and comment upon the report.

Amendment No. **217**

Add the following section:

**Section 41 Reduce Pre-funding of Other Post Employment Benefits**

SECTION 41. AND BE IT FURTHER ENACTED, That the pre-funding of the Other Post Employment Benefits liability (subobject 0157) shall be reduced in fiscal 2009 by the following amounts:

<u>Department</u>	<u>Fund</u>	<u>Amount</u>
<u>Executive</u>	<u>General</u>	<u>\$34,208,377</u>
<u>Executive</u>	<u>Special</u>	<u>9,993,970</u>
<u>Executive</u>	<u>Federal</u>	<u>6,739,288</u>
<u>Executive</u>	<u>Current Unrestricted</u>	<u>5,563,365</u>
<u>Executive</u>	<u>Current Restricted</u>	<u>1,674,003</u>
<u>Judiciary</u>	<u>General</u>	<u>3,791,623</u>

**Explanation:** This language provides for a reduction in the funding for the State’s Other Post Employment Benefits (OPEB) liability pre-funding. This requires a reduction from funds budgeted for this purpose in the allowance, \$38 million of which corresponds to general funds, including \$2 million in higher education subsidies. The action also reduces special, federal, and current unrestricted funds, which includes \$2 million in general fund subsidies. Reimbursable funds of \$708,919 and nonbudgeted contributions of \$25,652 – though not explicitly budgeted – will also be reduced as a consequence of this action. The total estimated fiscal 2009 reduction is \$60,692,122.
